essays discuss behaviorism reductionism physicalism functionalism the nature of mental states and the foundations of psychoanalysis

this book presents a remarkable diversity of contemporary opinions on the prospects of addressing philosophical topics from a psychological perspective it considers the history and philosophical merits of psychologism and looks systematically at psychologism in phenomenology cognitive science epistemology logic philosophy of language philosophical semantics and artificial intelligence

history and philosophy of psychology is a lively introduction to the historical development of psychology its distinct inclusion of ideas from both eastern and western philosophies offers students a uniquely broad view of human psychology whilst covering all the major landmarks in the history of psychology the text also provides students with little known but fascinating insights into key questions â such as whether freud really cured his patients what was nude psychotherapy and were the early psychologists racist encourages students to explore the philosophical and theoretical implications of the historical development of psychology explores key theoretical ideas and experiments in detail with background to their development and valuable suggestions for further reading

elizabeth anscombe considered by some to be the greatest english philosopher of the 20th century called for a renewed philosophy of psychology in line with her hopes philosophical psychology outlines a vision that seeks to do justice to the complexity of the human person

psychology and philosophy provides a history of the relations between philosophy and the science of psychology from late scholasticism to contemporary discussions the book covers the development from 16th century interpretations of aristotle s de anima through kantianism and the 19th century revival of aristotelianism up to 20th century phenomenological and analytic studies of consciousness and the mind in this volume historically divergent conceptions of psychology as a science receive special emphasis the volume illuminates the particular nature of studies of the psyche in the contexts of aristotelian and cartesian as well as 19th and 20th century science and philosophy the relations between metaphysics transcendental philosophy and natural science are studied in the works of kant brentano bergson husserl merleau ponty wittgenstein and davidson accounts of less known philosophers such as trendelenburg and maine de biran throw new light on the history of the field discussions concerning the connections between moral philosophy and philosophical psychology broaden the volume s perspective and show new directions for development all contributions are based on novel research in their respective fields the collection provides materials for researchers and graduate students in the fields of philosophy of mind history of philosophy and psychology

since ancient times character virtue and happiness have been central to thinking about how to live well yet until recently philosophers have thought about these topics in an empirical vacuum taking up the general challenge of situationism that philosophers should pay attention to empirical psychology this interdisciplinary volume presents new essays from empirically informed perspectives by philosophers and psychologists on western as well as eastern conceptions of character virtue and happiness and related issues such as personality emotion and cognition attitudes and automaticity researchers at the top of their fields offer exciting work that expands the horizons of empirically informed research on topics central to virtue ethics

an accessible exploration of the major philosophical issues in psychology drawing upon detailed case studies and the latest empirical research

presents a fresh perspective that explores the development of psychology as both a human and a natural science

philosophical psychology contains many provocative and profound ideas some of which may be sensed as offensive by those with rather thin intellectual skins some readers in capitalistic societies may take offense at any suggestion that marx had some good insights about a healthier way to achieve self actualization others may find it bizarre to read that perhaps hitler and stalin were in some ways happier and more self actualized in their roles as brutal tyrants than they would have been in more normal roles the range of ideas and thinkers included in this work is extensive authors dr william f o neill and dr george demos examine essential life issues such as pain pleasure society ethics and love culminating in a careful look at the various aspects of peak experience the chapters build toward a better understanding of the concepts of self actualization and peak experience this is essential reading for upper division and graduate level students seeking to deepen their understanding and apply the concepts of abraham maslow s theory of self actualization and its inherent role in education

what is the relationship between common sense or folk psychology and contemporary scientific psychology are they in conflict with one another or do they perform quite different though perhaps complementary roles george botterill and peter carruthers discuss these questions defending a robust form of realism about the commitments of folk psychology and about the prospects for integrating those commitments into natural science their focus throughout the book is on the ways in which cognitive science presents a challenge to our common sense self image arguing that our native conception of the mind will be enriched but not overturned by science the philosophy of psychology is designed as a textbook for upper level undergraduate and beginning graduate students in philosophy and cognitive science but as a text that not only surveys but advances the debates on the topics discussed it will also be of interest to researchers working in these areas

philosophy of psychology is a well structured introduction to the nature and mechanisms of cognition and behaviour from one of the leaders in the field
