the book of later han houhanshu by fan ye 398 445 is enormously important as china s most complete work on eastern han history in biographical form for the first time in any western language the author introduces fan ye s magnificent writings in lively translation with rich annotation and informative and insightful commentary this first volume covers its early military history and highlights the lives and achievements of the twenty eight generals who helped emperor guangwu unify china and establish the eastern han dynasty also included are images of these twenty eight founding fathers maps and information related to early eastern han systems

this publication is the long awaited complement to michael loewe s acclaimed biographical dictionary of the qin former han and xin periods 2000 with more than 8 000 entries based upon historical records and surviving

inscriptions the comprehensive biographical dictionary of later han to the three kingdoms 23 220 ad now provides information on men and women of the chinese world who lived at the time of later or eastern han from liu xiu founding emperor guangwu reg 24 57 to the celebrated warlord cao cao 155 220 at the end of the dynasty the entries including surnames personal names styles and dates are accompanied by maps genealogical tables and indexes with lists of books and special accounts of women these features together with the convenient surveys of the history and the administrative structure of the dynasty will make rafe de crespigny s work an indispensable tool for any further serious study of a significant but comparatively neglected period of imperial china

this book offers an innovative take on the study of chinese academic history approaching the subject from the perspective of broader social and cultural developments one that is not only comprehensive and inclusive but also sheds new light on the subject the book investigates the main academic developments of the han dynasty such as the formation of new confucianism and the new daoism of han the establishment of history studies advances in astronomy and geography breakthroughs in agronomy and hydraulics and the achievements in traditional chinese medicine it also explores the cultural and political backgrounds the main influencing factors and the main features of academic developments especially academic carriers and chinese hermeneutics it provides a new paradigm for academic history studies and includes many new theories e g the reconstruction of the pre qin academics by the han scholars this book offers a unique resource for all those who want to learn about and understand chinese history and culture especially the academic history of the han dynasty

if the history of the eastern han dynasty were limited to the accomplishments of its scholars scientists and inventors it would be a glorious saga of the innovation and creativity of the human mind anesthesia was first used during surgical procedures in the years of the eastern han emperors earthquake tremors were measured and perhaps most remarkable of all a process for manufacturing paper was developed by a eunuch of the imperial court but the imperial court of the eastern han is also an account of the abuse of power the murder of children unfortunate enough to be placed upon the dragon throne the heedless reckless incompetence of emperors the malignant ambition of scheming empress dowagers and the rebellions that arose as ordinary people struggled discover a plethora of topics such as wang mang the usurper return of the han the beginning

of a golden age emperor huan and the corruption of the eunuchs the yellow turbans the last han emperor and much more explore the eastern han dynasty a powerful era of chinese history marked by innovation expansion and cultural achievement from the silk road to lasting reforms its legacy shaped imperial china perfect for history enthusiasts and lovers of ancient civilizations get your copy today and uncover the story of a transformative dynasty

winner of the 2017 choice outstanding academic title award the later han dynasty also known as eastern han ruled china for the first two centuries of the christian era comparable in extent and power to the early roman empire it dominated east asia from present day vietnam to the mongolian steppe rafe de crespigny presents here the first full account of this period in chinese history to be found in a western language commencing with a detailed account of the imperial capital the history describes the nature of government the expansion of the chinese people to the south the conflicts of scholars and officials with eunuchs at court and the final collapse which followed the rebellion of the yellow turbans and the rise of regional warlords

in the later han period the region covering the modern provinces of gansu southern ningxia eastern qinghai northern sichuan and western shaanxi was a porous frontier zone between the chinese regimes and their central asian neighbours not fully incorporated into the chinese realm until the first century bce not surprisingly the region had a large concentration of men of martial background from which a regional culture characterized by warrior spirit and skills prevailed this military elite was generally honoured by the imperial centre but during the later han period the ascendancy of eastern based scholar officials and the consequent increased emphasis on civil values and de militarization fundamentally transformed the attitude of the imperial state towards the northwestern frontiersmen leaving them struggling to achieve high political and social status from the ensuing tensions and resentment followed the capture of the imperial capital by a northwestern military force the deposing of the emperor and the installation of a new one which triggered the disintegration of the empire based on extensive original research and combining cultural military and political history this book examines fully the forging of military regional identity in the northwest borderlands and the consequences of this for the early chinese empires

the official history of the later han dynasty ad 25-220 contains eight so called treatises traditionally regarded as accurate descriptions of the dynasty's institutions practically all literature dealing with the bureaucratic system the geography the religious beliefs or the calendar of the first two centuries ad is based on these treatises even though their value as source material has never been critically examined this study subjects each of the treatises in turn to a detailed scrutiny the sources used by the chinese historian and their adaption to suit his historiographical tastes the opinions of previous critics and the weight of the available evidence all pass review in order to arrive at a balanced view of the historiographical value of each individual treatise

the eastern han dynasty a history of china part one takes you on an unforgettable journey through one of china's most dramatic and transformative periods the mighty han empire once fractured by war and rebellion finds a new leader in liu xiu but claiming the throne is just the beginning his true challenge is rebuilding an empire that has been torn apart at first liu xiu is just another noble caught in the chaos but when opportunity knocks he rises to the occasion through sheer intelligence military brilliance and strategic alliances he defeats his rivals one by one becoming emperor guangwu of han establishing his capital in luoyang he starts the long process of restoring order but new threats are never far behind the chimei army a powerful rebel force refuses to back down their submission marks a major victory but it's not the last challenge the emperor will face the three rebellions erupt across the land each threatening to undo everything he's built as liu xiu fights to secure his rule personal loyalties are tested wei xiao once a trusted officer struggles between staying loyal and seizing power for himself meanwhile the empire's expansion continues longyou is conquered and all eyes turn to shu a region rich in resources and political intrigue but war isn't just about swords and soldiers great leaders emerge like general ma yuan whose military genius and legacy shape the future of china his battles and strategies become legendary but even the strongest warriors must eventually step aside with the foundation of the new han government laid the work of rebuilding begins the loyal ministers of han's revival play a crucial role in stabilizing the empire while internal conflicts force tough decisions one of them being the unexpected moment when the crown prince steps down the imperial family's influence grows stronger with the yin family becoming a powerful force behind the throne yet history doesn't stop with liu xiu as time passes a new emperor must prove himself emperor ming determined to secure his rule faces his own battles his reign brings new policies shifting alliances and challenges that threaten to shake the empire once more but han is no longer confined to its borders the legendary ban

chao embarks on an ambitious journey to the western regions pushing the empire's influence further than ever before his efforts pave the way for the rise of another fearless figure the conqueror of the western regions whose campaigns extend han's power deep into lands unknown this is not just a book about history it's a gripping tale of ambition war loyalty and betrayal from epic battles to political mind games from military legends to the power struggles inside the imperial court this book brings the eastern han dynasty to life like never before if you love stories of strategy war and empire building this is a journey you won't want to miss step into the world of the eastern han and experience the rise of a dynasty that changed china forever
