this book questions whether investment law influences the wider field of general international law and more specifically whether approaches adopted by tribunals in investment arbitrations have radiated or should radiate into other fields of international

law

a complete introduction to international law in a form accessible to readers who already have or are acquiring a familiarity with national systems of law

international law is both an introduction to the subject and a critical consideration of its central themes and debates the opening chapters of the book explain how international law underpins the international political and economic system by establishing the basic principle of the independence of states and their right to choose their own political economic and cultural systems subsequent chapters then focus on considerations that limit national freedom of choice e g human rights the interconnected global economy the environment through the organizing concepts of territory sovereignty and jurisdiction the book shows how international law seeks to achieve an established set of principles according to which the power to make and enforce policies is distributed among states

this volume provides an innovative and engaging way of assessing the development of international law scholarship and practice to date and its potential future development by focusing upon the leading works of the discipline international law has established itself as an important area of academic study and legal practice given its academic legal and everyday significance and its prolific role within law school teaching and research it is important to question and analyse the development of international law exploring the complex and shifting interplay between law policy theory and culture and the role of international and national actors within a diverse and dynamic community of nations this collection presents contributions from leading scholars of public international law across the globe and the works chosen by the editor represent a diverse range of subjects within the broader discipline each chapter analyses the importance and legacy of a specific work with a view to reflecting upon how that publication has contributed to shaping the broader literature in the field of international law and how it may continue to have an influence on both scholarship and practice in the future taken as a whole the chapters included in this collection provide an original exploration of a variety of important themes about how the discipline has evolved over time the prologue and epilogue critically assess the development of international law in light of the reflections by contributors the book will be a valuable resource for lawyers international law practitioners students and academics alike

the united nations has established a right to the truth to be enjoyed by victims of gross violations of human rights the origins of the right stem from the need to provide victims and relatives of the missing with a right to know what happened it encompasses the verification and full public disclosure of the facts associated with the crimes from which they or their relatives suffered the importance of the right to the truth is based on the belief that by disclosing the truth the suffering of victims is alleviated this book analyses the emergence of this right as a response to an understanding of the needs of victims

through to its development and application in two particular legal contexts international human rights law and international criminal justice the book examines in detail the application of the right through the case law and jurisprudence of international tribunals in the human rights and also the criminal justice context as well as looking at its place in transitional justice the theoretical foundations of the right to the truth are considered as well as the various objectives appropriate for different truth seeking mechanisms the book then goes on to discuss to what extent it can be understood constructed and applied as a hard legally enforceable right with correlating duties on various people and institutions including state agencies prosecutors and judges

in this book kerry o halloran analyses a subject of international interest religion and examines related contemporary issues from a human rights perspective the book takes the view that while the impact of islamic state violence has dramatically demonstrated the destructive power of religious extremism for contemporary western societies there are also good grounds for the latter to examine the extent to which their laws and policies nationally and internationally are contributing to religion s currently destabilizing social role it makes the case for a fuller understanding of the role of religion or belief and argues for a rebalancing of the functional relationship between church and state both nationally and internationally beginning with an overview of religion including an examination of key concepts and constructs the chapters go on to outline the international framework of related human rights provisions and note the extent of their ratification it proceeds by identifying a set of themes such as the constitutional positioning of religion law and policy in relation to secularism faith schools equality legislation and the religious exemption and the tension between free speech and religion and undertakes a comparative evaluation of how these and other themes indicate significant differences in six leading common law jurisdictions as illustrated by their associated legislation and case law it then considers why this should be and assesses any implications arising this book will be of great interest to students and scholars in the fields of law religious studies political science human rights and social policy

the law of the sea imposes a long established duty to rescue persons in distress which connotes one of the most important tools in safeguarding safety of life at sea other rules of international law namely international human rights and refugee law also come into play in drawing the legal parameters for the conduct of rescue operations amid the thousands of people undertaking perilous sea journeys in search of safety european legal responses have primarily focused on the securitization of migration this book exposes the human rights violations that may be perpetrated against migrants attempting to cross the mediterranean and strongly advocates for the development of a framework for operationalizing the protection of human rights and life at sea it combines theory and practice in which philosophical theories of rights are applied to create a framework for legal analysis and the development of practical legal standards the study presents an

innovative evaluation of selected judgments of the European Court of Human Rights and other international human rights bodies pertaining to complex questions of extraterritorial jurisdiction and a state's human rights obligations towards persons in distress at sea the book will be of interest to all those engaging with migration and security studies international human rights scholarship international law of the sea refugee and migration law and legal philosophy whether generalist or specialist

first published in 1998 Routledge is an imprint of Taylor Francis an informa company

for almost 30 years scholars and advocates have been exploring the interaction and potential between the rights and well being of women and the promise of international law this collection posits that the next frontier for international law is increasing its relevance beneficence and impact for women in the developing world and to deal with a much wider range of issues through a feminist lens

this volume of essays examines the development of political and legal thinking regarding the use of force in international relations it provides an analysis of the rules on the use of force in the political normative and factual contexts within which they apply and assesses their content and relevance in the light of new challenges such as terrorism weapons of mass destruction and cyber attacks the volume begins with an overview of the ancient and medieval concepts of war and the use of force and then concentrates on the contemporary legal framework regulating the use of force as moulded by the United Nations Charter and state practice in this regard it discusses specific issues such as the use of force by way of self defence armed reprisals forcible reactions to terrorism the use of force in the cyberspace humanitarian intervention and the responsibility to protect this collection of previously published classic research articles is of interest to scholars and students of international law and international relations as well as practitioners in international law

the human rights of communities in many resource rich weak governance states are adversely affected not only by the acts of states and their agents but also by powerful non state actors contemporary phenomena such as globalisation privatisation and the proliferation of internal armed conflict have all contributed to the increasing public influence of these entities and the correlative decline in state power this book responds to the persistent challenges stemming from non state actors linked to extractive industries in light of the intersecting roles of multinational enterprises and non state armed groups in this context these actors are adopted as the primary analytical vehicles the operations of these entities highlight the practical flaws of existing accountability regimes and permit an exploration of the theoretical challenges that preclude their direct legal regulation at the international level drawing insights from discursive democracy compliance theories and the pure theory of law the book establishes a conceptual foundation for the creation of binding international obligations addressing non state actors responding to the recent

calls for a binding business and human rights treaty at the un human rights council and the growing influence of armed non state actors the book makes a timely contribution to debates surrounding the direction of future developments in the field of international human rights law

each number will contain notes on recent missouri cases

while humanity continues to grapple with covid 19 and its ramifications beyond covid 19 multidisciplinary approaches and outcomes on diverse fields provides a unique opportunity to foresee the repercussions of the pandemic across a range of fields through the lens of chaos and complexity theory this book takes covid 19 as a holistic event providing an interesting analysis of this chaotic phenomenon with the contributions of multidisciplinary scholars the expert views within this book come from a wide range of fields from international relations to education and from sociology to law unique in terms of its content and contributions the chapters within explore the various consequences of covid 19 with the aim of attracting the attention of researchers postgraduate students practitioners and policymakers

praise for the book this constitutes a work of impressive scholarship that will become a major reference point for future discourse on choice of court agreements dr ahmed advances a firm thesis in a lucid manner that will satisfy both academics and practitioners the discussion is supported by a monumental foundation of underpinning research ahmed s monograph throughout shows clear understanding of underlying substantive laws and in chapter 11 displays a refreshing willingness to engage in intelligent speculation on the implications of brexit professor david milman university of lancaster the book is an excellent attempt to understand the theoretical underpinnings of choice of court agreements in private international law anyone with an interest in the theory and practice of choice of court agreements in particular in mechanisms for their enforcement should read this book they will find much of value by doing so professor paul beaumont university of aberdeen from the series editor s preface this book examines the fundamental juridical nature classification and enforcement of choice of court agreements in international commercial litigation it is the first full length attempt to integrate the comparative and doctrinal analysis of choice of court agreements under the brussels i recast regulation the hague convention on choice of court agreements hague convention and the english common law jurisdictional regime into a theoretical framework in this regard the book analyses the impact of a multilateral and regulatory conception of private international law on the private law enforcement of choice of court agreements before the english courts in the process it both pre empts and offers innovative solutions to issues that may arise under the jurisprudence of the emergent brussels i recast regulation and the hague convention the need to understand the nature and enforcement of choice of court agreements before the english courts from the perspective of the eu private international law regime and the hague convention cannot be understated this important new study

aims to fill an existing gap in the literature in relation to an account of choice of court agreements which explores and reconnects arguments drawn from international legal theory with legal practice however the scope of the work remains most relevant for cross border commercial lawyers interested in crafting pragmatic solutions to the conflicts of jurisdictions
