this is the first definitive textbook on veterinary communication written specifically for students and veterinary professionals by a group of international experts communication is a core clinical skill and is now taught as a compulsory part of most veterinary degree courses good communication is crucial to the veterinarian client patient relationship to patient health and ultimately to the success of any veterinary business the book covers all the key areas of communication including the basic framework for the veterinary consultation professional ethical and legal aspects communication with clients and colleagues and coping with end of life and other difficult situations it combines the most up to date research with a wealth of practical information such as real life case studies to help you apply your learning to real scenarios simple step by step guidelines showing you how to deal with specific situations examples of written resources you can use in practice this valuable textbook has been written and edited by a carefully chosen group of specialists comprising veterinary communication lecturers veterinary practitioners training managers and counsellors

developing communication skills for veterinary practice provides a thorough grounding in practical communication principles for client and team interactions and helps veterinarians and staff take their communication skills to the next level through self development and coaching colleagues the book describes specific evidence based techniques gives examples of their use and demonstrates how to use each skill in the clinical setting with learning activities to put into practice it covers every mode of communication including face to face virtual telephone and written communication organized by the tasks of the clinical appointment each chapter showcases specific communication skills the book introduces a communication toolbox of 20 key communication skills which can be applied to any area of veterinary practice or veterinary career path the book defines each communication skill demonstrates techniques and provides examples emphasizes the importance of communicating effectively with clients and colleagues provides a process and structure for coaching communication with colleagues discusses client and team interactions using many methods including in person meetings telephone conversations and emails outlines best practices for effectively communicating using technology developing communication skills for veterinary practice is an invaluable resource for veterinary professionals at any level seeking to develop their communication skills and improve clinical outcomes

good communication skills provide better clinical outcomes and help avoid minor as well as major mistakes approximately 60 80 of negligence claims against vets are related to poor communication with new graduates especially vulnerable communication skills are a growing part of the curriculum in veterinary schools recognising how fundamental clear communication is to good practice a guide to oral communication in veterinary medicine covers why communication skills are important the structure of typical communications and suggested approaches veterinary specific communication pathways and sample scripts between vet and client scenarios covered include everyday communication dealing with challenging situations different species different settings and communication within the veterinary team the aim is to instil confidence and competence build professionalism and avoid problems most current teaching is based on a toolbox approach developed from the human medicine model however there is no set standard for teaching methodology which is why this is primarily a book for students but also includes a section for educators to provide guidance in this nascent subject 5m books

find out what it takes to be a veterinarian with character veterinarians need many skills including the ability to analyze problems knowledge of new developments and techniques in veterinarian medicine the confidence to handle animals who are sick or injured and communication skills for speaking with animal owners and other

professionals veterinarians don't only work with animals they also work with people that's why these professionals need the core qualities of good character integrity compassion courage responsibility a sense of fairness self discipline and citizenship a career in veterinary medicine can be both rewarding and exciting veterinarian will tell you more

from a leading expert in the field comes this new edition offering comprehensive coverage of the ethical dilemmas facing veterinarians includes new material on animal welfare discussing the ethical responsibilities of veterinarians and owners in maintaining optimal well being of pets also includes high tech innovations in veterinarian medicine mri orthopedic surgeries chemotherapy and radiotherapy that cause ethical dilemmas updates the reader on hormones and fertility drugs in small animal breeding programs blood banking in the treatment of feline leukemia virus genetic engineering and dog and horse racing

communication skills have been identified by new veterinary graduates as lacking in their education but are also recognised as crucial to overall success in veterinary professional life as interpersonal communication is closely linked to an individual's sense of identity and levels of confidence educational instruction in this topic involves risks and differs substantially from traditional medical sciences the approach requires an understanding of emotional intelligence emotional intelligence is believed to be both measurable and teachable and involves awareness of emotional states in oneself and others and the ability to use this awareness to manage relationships this collaborative study sought to inform the emerging veterinary communication curriculum through developing clinical consultations using simulated client scenarios addressing the human animal bond assessing the needs of clients students and their attitudes to animals and developing strategies to enhance and report competencies in professional life skills using e portfolio p 6
