discusses practical uses

we are each distinctive individuals with unique styles of writing our handwriting is a tangible extension of our inner selves have you ever wondered what your handwriting says about you with a basic understanding of handwriting analysis you can discover more about yourself and those around you graphology is the analysis of a handwriting sample graphologists can tell when someone is loyal excitable or hiding something just from slight nuances in writing would you like to learn to do this too once you know the basics you will never look at handwriting in the same way again with analyze your handwriting you can learn the fundamental skills necessary to determine if you will be compatible with another person if someone is trustworthy and individual personality characteristics it is an exciting fun tool that you can use on a daily basis

persuasively argues that our fixation with writing by hand is driven more by emotion than evidence as it is perceived to be inextricably linked to our history core values and individual identities los angeles times the future of handwriting is anything but certain its history however shows how much it has affected culture and civilization for millennia in the digital age of instant communication handwriting is less necessary than ever before and indeed fewer and fewer schoolchildren are being taught how to write in cursive signatures far from john hancock s elegant model have become scrawls in her recent and widely discussed and debated essays anne trubek argues that the decline and even elimination of handwriting from daily life does not signal a decline in civilization but rather the next stage in the evolution of communication now in the history and uncertain future of handwriting trubek uncovers the long and significant impact handwriting has had on culture and humanity from the first recorded handwriting on the clay tablets of the sumerians some four thousand years ago and the invention of the alphabet as we know it to the rising value of handwritten manuscripts today each innovation over the millennia has threatened existing standards and entrenched interests indeed in ancient athens socrates and his followers decried the very use of handwriting claiming memory would be destroyed while gutenbergs printing press ultimately overturned the livelihood of the monks who created books in the pre printing era and yet new methods of writing and communication have always appeared establishing a novel link between our deep past and emerging future anne trubek offers a colorful lens through which to view our shared social experience

provides a brief history of the science of graphology and shows how to tell what people are really like by analyzing their handwriting

gerald fox is an attorney to many celebrities including madonna janet jackson and tina sinatra he has appeared on television shows such as hard copy and entertainment tonight jeff nelson is a writer

producer in los angeles and the coauthor of handwriting analysis putting it to work for you jeff learned about litigation at the knee of gerry fox who represented him in some hard fought legal battles they won

event of signature formulates a new philosophical problem which focuses on the handwritten signature as sign of legal identification author michaela fišerová works with three metaphysical expectations which are shared in discourses of graphology and forensic analysis the first expectation tends to reveal the signer's soul a handwritten signature naturally mirrors the unique psychological qualities of the signer the second expectation tends to guarantee the originality of the signer's trace a handwritten signature proves physical contact between the signed document and the writing tool authentically moved by the signer's hand the third expectation tends to recognize the signer's legal identity a handwritten signature is expected to reproduce the signer's personal style which enables identification by legal authorities in a methodologically inventive and semiotically based dialogue with derrida's deconstruction fišerová situates this triple expectation in the interval between life and law challenging coverage of this topic finally shows that none of the metaphysical expectations will ever be fulfilled in the event of manual signing legal uses of handwritten signature are characterized by the complex aporia of repeating the unrepeatable
