alexandra hudson daughter of the manners lady was raised to respect others but as she grew up hudson discovered a difference between politeness a superficial appearance of good manners and true civility in this timely book hudson sheds light on how civility can help bridge our political divide from classical philosophers like epictetus to great twentieth century thinkers like martin luther king jr to her own experience working in the federal government during one of the most politically fraught eras in our nation s history hudson examines how civility a respect for the personhood and dignity of others transcends political disagreements respecting someone means valuing them enough to tell them when you think they are wrong it s easy to look at the divided state of the world and blame our leaders the media or our education system instead we should focus on what we can control ourselves the soul of civility empowers readers to live tolerantly with others despite deep differences and to rigorously protest wrongs and debate issues rather than silencing disagreements a robust public discourse is essential to a truly civil society and respecting others means telling hard truths if enough of us decide to change ourselves we might be able to change the world we live in too provocative personal and acutely relevant the soul of civility is an essential book for our era

exposes how public schools are teaching critical race theory disguised as innocuous diversity equity and inclusion initiatives explains why this is training a generation of children to view themselves as victims and shows parents what they can do to stop it public schools are indoctrinating a generation of children to see themselves as either victims of systemic racial oppression or members of a wicked oppressor class leonydus johnson a black writer and podcaster exposes the poisonous ideology embedded in diversity equity and inclusion programs we must teach our children the truth that their identity comes not from their race but from christ

analyzing politics is a comprehensive examination of the field of political science taking a comparative approach it examines a variety of subfields of political science including methods political theory comparative politics international relations and u s politics exhaustive in its coverage of the material analyzing politics employs an extensive collection of boxes tables charts graphs photos and cartoons to hold the reader s attention

in america noir david cochran details how ten writers and filmmakers challenged the social pieties prevalent during the cold war such as the superiority of the american democracy the benevolence of free enterprise and the sanctity of the suburban family rod serling s the twilight zone featured victims of vast faceless bureaucratic powers jim thompson s noir thrillers such as the grifters portrayed the ravages of capitalism on those at the bottom of the social ladder patricia highsmith in the talented mr ripley placed an amoral con man in an international setting implicitly questioning america s fitness as leader of the free world charles willeford s pulp novels such as wild wives and woman chaser depicted the family as a hotbed of violence and chaos these artists pioneered a detached ironic sensibility that radically juxtaposed cultural references and blurred the distinctions between high and low art their refusal to surrender to the pressures for political conformity and their unflinching portrayal of the underside of american life paved the way for the emergence of a 1960s counterculture that forever changed the way america views itself
