women make up almost half of the u s workforce yet lag behind men in pay status promotion and career opportunities this volume of new directions for adult and continuing education identifies the social and economic tensions that characterize women s career development and offers a range of responses that women adult educators hrd professionals and organizations can employ to meet the challenges the authors recommend strategies for easing the work and family conflict including how to make part time employment a viable career development option they also evaluate the role of human resource development in promoting the career progress of women assessing approaches such as mentoring and training programs

written by well respected experts this how to guide provides patterns for the design of human computer human interaction hci an increasing number of applications are currently designed for use by more than one user eg multi player games interactive web sites mobile phones collaborative learning systems interactive workspaces and smart environments in these areas there is a shift from hci human computer interaction to hchi human computer human interaction the role of patterns in this movement is twofold 1st patterns focus on the human user of the system 2nd patterns assist developers in the development process of groupware applications

this book draws on the author s twenty year career as a principal to advise on how to be an effective and authentic school leader

this issue explores the phenomenon of engagement in adolescence and early adulthood the authors of this volume draw on the good work project and the alfred p sloan study of youth and social development two studies using complementary methodologies in depth interviews and self reports of subjective experience in daily life they examine why young people are drawn to certain areas of work and once there what sustains them a supportive family background mentors or role models involvement in cooperative activities cultivation of intrinsic interest awareness of moral and political issues and traits such as moral sensitivity and optimism are among the central factors that the authors explore the better these factors are understood the more effectively we can support youth engagement

if we believe that the welfare of individuals and the organization are one and the same the points of compatibility and mutual support must be found and nurtured if we value the developmental culture of an academic institution the concerns of individuals for growth change advancement recognition and support can be brought into harmony with the goals of the organizational culture for stability continuity and community the twenty first centruy will bring new challenges to higher education academic institutions must renew their responsibility to support the developmental needs of all their members this commitment to support human growth is also part of institutional regeneration an integrated comprehensive model of personal and organizational

development that includes mentoring for students faculty staff and administrators can make a significant contribution to the best use of human resources community building and institutional vitality this is the 57th issue of the quarterly journal new directions for teaching and learning for more information on the series please see the journals and periodicals page

by emphasizing multiple perspectives this text increases student awareness of the changing demographics in organizations

this multidisciplinary handbook edited by the premier scholars in the field reflects the empirical work and growth in the field of adolescent psychology

scientists are trained in scholarship and technical skills but not typically in how to deal with their peers supervisors or staff who report to them yet even a first rate research project can fail or flounder if the people concerned can't get along lab dynamics is a book about the challenges of doing science and dealing with the individuals involved including yourself the authors a scientist and a psychotherapist draw on principles of group and behavioral psychology but speak to scientists in their own language about their own experiences they offer in depth practical advice real life examples and exercises tailored to scientific and technical workplaces on topics as diverse as conflict resolution negotiation dealing with supervision working with competing peers and making transitions between academia and industry this is a uniquely valuable contribution to the scientific literature on a subject of direct importance to lab heads postdocs and students it is also required reading for senior staff concerned about improving efficiency and effectiveness in academic and industrial research settings

h f linskens and j heslop harrison the chapters of this volume deal with intercellular interaction phenomena in plants collectively they provide a broad conspectus of a highly active if greatly fragmented research field certain limitations have been imposed on the subject matter the most important being the exclusion of long range interactions within the plant body it is true that pervasive hormonal control systems cannot readily be demarcated from controls mediated by pheromones or information carrying molecules with more limited spheres of action but consideration is given in this volume to the main classes of plant hormones and their functions only incidentally since these are treated adequately in other volumes of this encyclopedia series volume 9 11 and in numerous other texts and reviews similarly certain other effects such as those associated with nutrients and ions are not considered in any detail furthermore we have excluded intracellular interactions and also consideration of transport phenomena which are treated in detail in volume 3 of this series other aspects of intercellular interaction such as cell surface phenomena and implications of lectin carbohydrate interactions and plant virus interrelationships are treated in other sections of this encyclopedia volumes 13b and 14b respectively in the volume on physiological plant pathology volume 4 of this series special attention has been given to host pathogen interaction these aspects of our subject will therefore be excluded in the present treatise
