leading minds and landmark ideas in an easily accessible format from the preeminent thinkers whose work has defined an entire field to the rising stars who will redefine the way we think about business the harvard business review paperback series delivers the fundamental information today s professionals need to stay competitive in a fast moving world these eight articles examine all aspects of the work of modern nonprofit organizations the thoughtful essays cover important

topics such as earning the public trust and learning from the success of venture capitalists a harvard business review paperback

this thesis deals with the concept and consequences of marketization in the nonprofit sector marketization describes the process of nonprofit organizations becoming more business like and is caused among other things by increased competition for scarce resources the rise of professionalism and calls for more transparency and efficiency by funders and the public research about marketization is inconclusive some researchers believe marketization can increase not only efficiency but also effectiveness of organizations while others fear that nonprofits lose their focus on a social mission the four articles presented in this thesis focus on the theoretical and practical implications of nonprofits relying more on earned income a dominant feature of marketization and nonprofits actively and passively adopting management practices and tools from the for profit sector another key characteristic of increased marketization the results show that marketization can increase the economic and social performance of an organization and when handled well and implemented through a clear strategic focus foster mission achievement particularly the focus on beneficiaries and internal processes can help organizations to better fulfill their mission a loss of focus on the mission must be feared if regulatory forces act on the organization without a simultaneous professionalization of management or if an organization focuses too much on its competitors

timely unique and definitive not only chronicles the history of the nonprofit sector but also provides a broad but critical analysis of its current state vartan gregorian president carnegie corporation of new york the nonprofit sector has changed in fundamental ways in recent decades as the sector has grown in scope and size both domestically and internationally the boundaries between for profit governmental and charitable organizations have become intertwined nonprofits are increasingly challenged on their roles in mitigating or exacerbating inequality and debates flare over the role of voluntary organizations in democratic and autocratic societies alike the nonprofit sector takes up these concerns and offers a cutting edge empirical and theoretical assessment of the state of the field this book now in its third edition brings together leading researchers economists historians philosophers political scientists and sociologists along with scholars from communication education law management and policy schools to investigate the impact of associational life chapters consider the history of the nonprofit sector and of philanthropy the politics of the public sphere governance mission and engagement access and inclusion and global perspectives on nonprofit organizations across this comprehensive range of topics the nonprofit sector makes an essential contribution to the study of civil society praise for previous editions takes a decidedly multidisciplinary approach invaluable journal of policy analysis and management a major contribution to the field social forces

the value driven nature of nonprofit organizations calls for a broader understanding of investments outside of a purely financial conceptualization nonprofits ultimately strive for a social return and allocating resources to nonprofit capacities is a vital form of investments the four chapters of this thesis examine two types of nonprofit investments impact investing and investments in nonprofit capacities and focus on their influencing factors and effects the findings reveal that strategic behavior and planning are crucial management tasks the blurring of social and financial logics offers opportunities that if accompanied by a clear strategy enhances the work of nonprofits
