for the first time in modern human history the response to a global health crisis was required among all countries no matter their wealth size or economic status every country was impacted by the covid 19 pandemic and as it surged across the world it took many lives with it thus it is essential to study the ability of human societies to cope with the changes caused by pandemics societal resilience and response to contagious diseases and pandemics

adopts and maintains an interdisciplinary transdisciplinary approach to investigating societal resilience this book builds upon different insights of what has already been done for humanity to survive the spread of a deadly pandemic covering topics such as the role of healthcare professionals political economy and consumption culture it is an essential resource for professionals business leaders policymakers professors graduate students researchers and academicians

emigrating beyond earth puts space colonization into the context of human evolution rather than focusing on the technologies and strategies needed to colonize space the authors examine the human and societal reasons for space colonization they make space colonization seems like a natural step by demonstrating that if will continue the human species 4 million year old legacy of adaptation to difficult new environments the authors present many examples from the history of human expansion into new environments including two amazing tales of human colonization the prehistoric settlement of the upper arctic around 5 000 years ago and the colonization of the pacific islands around 3 000 years ago which show that space exploration is no more about rockets and robots that arctic exploration was about boating

edwin ardener a new expanded edition of the collected works of one of the most important social anthropologists in britain of his time ardener worked on social economic demographic and political problems and was particularly influential in his sustained effort to bring together social anthropology and linguistics in a highly original attempt to reconcile scientific and humanistic approaches to the study of society this volume offers a theoretically and conceptually coherent body of work by this innovative and profound thinker which will continue to excite and stimulate new generations of students and researchers as it has in the past

when youth shake off their rural roots and middle aged people migrate for economic opportunities what happens to the grandparents left at home linked lives invites readers into homes in a sri lankan buddhist village to find out

how elders face the challenges of a rapidly globalizing world

in the recent times women agency in african circles has become a contested issue with some arguing that women in african traditional societies lack agentic power including the power to make independent decision the issue has become even more contested in education where culture meets face to face with agency in all its forms in an attempt to get to the bottom of the subject in question this book examines using empirical data from the field an often hidden crime acquaintance rape which for many years has been allowed to spread its tentacles in africa s institutions of higher education this is to say acquaintance rape has been practised unconsciously in many cultures thereby undermining the agentic power of women in these cultures the book adopts institutions of higher education in masvingo province heretofore referred to as masvingo of zimbabwe to assess factors affecting students in higher education s perceptions of acquaintance rape the population for this book consisted of students educators and other staff members in institutions of higher education in masvingo the book reveals that culture gender peer pressure policy and legislation or law affect higher education students perceptions of acquaintance rape the book also establishes that college authorities non academic staff and students have inadequate knowledge of how to effectively manage or deal with acquaintance rape cases due to inadequate policies legislations or laws governing students behaviour in higher education a model to reduce acquaintance rape is proposed it recommends that all institutions of higher education should introduce acquaintance rape prevention and reduction programmes peer education programmes acquaintance rape reduction techniques and acquaintance in the curriculum

in ontological aspects of early jewish anthropology tyson l putthoff explores early jewish beliefs about how the human self reacts ontologically in god s presence combining contemporary theory with sound exegesis putthoff demonstrates that early jews widely considered the self to be intrinsically malleable such that it mimics the ontological state of the space it inhabits in divine space they believed the self therefore shares in the ontological

state of god himself the book is critical for students and scholars alike in putting forth a new framework for conceptualising early jewish anthropology it challenges scholars to rethink not only what early jews believed about the self but how we approach the subject in the first place

this volume provides an ethnographic account of courtship marriage and family life among the people of the trobriand islands

this book covers education theory and philosophy basic education education economy management and other fields focusing on the hot and frontier issues of education reform and development in china 2020 the articles in this book has been translated from educational research the top academic journal in the field of education research in china it addresses the current issues and status of chinese education and pays a close attention on it educational researchers in the college and university educational policymakers and frontline teaching staff would be interested in it by focusing on the current hot issues and frontier education issues we want to explore the deep theoretical basis behind the phenomenon so as to establish in the reader s mind the connections between theory and practice china and world

taking a holistic approach to the study of aging this volume uses biological archaeological medical and cultural perspectives to explore how older adults have functioned in societies around the globe and throughout human history

this anthology deals with changes in values norms and attitudes in our society which is increasingly characterized by cultural diversity embedded in the current debate about a post migrant society the contributions present findings that have emerged within the framework of various research projects of the bmbf funding line migration and social change they deal with differences and similarities regarding the values and norms of people with and without a migratory background the connections between values and integration mechanisms and many more the
