if you want to discover the captivating history of ancient china then keep reading to

understand present day china its politics society and culture in general we have to go back to the beginnings of the chinese civilization in this book you will be led on a journey through almost 2 000 years of chinese history showing you all the ups and downs of those ancient times the sufferings and joys of the chinese people along with their greatest achievements and failures dynasties will change people will be killed and born art made and destroyed but the chinese civilization will prevail rising from humble beginnings to an empire that at some points outshined any other in the world at that time and yet it won t be only a tale of kings and queens emperors and rulers of palaces and forts of swords and shields it will also tell a story of farmers and merchants artisans and artists philosophers and scientists and hopefully by the end of this introductory guide you will gain a sense of what who and how the chinese civilization was made as great as it was and still is from that a better understanding of this amazing far eastern culture and its history should arise as well as a greater appreciation of its achievements and contributions to the world and with a better knowledge of history a clearer understanding of the world will come as well in ancient china a captivating guide to the ancient history of china and the chinese civilization starting from the shang dynasty to the fall of the han dynasty you will discover topics such as chinese lands and birth of china shang and zhou dynasties and the rise of royal power disintegration of royal power birth of imperial china rise and fall of the han dynasty society of ancient china the ancient chinese culture inventions and innovations of the ancient chinese and much much more so if you want to learn more about ancient china scroll up and click the add to cart button

through maps ancient artifacts and paintings the wonders of ancient china are revealed includes detailed descriptions of ancient chinese family life clothing warfare and trade

this enlightening book leads readers though the history of ancient china up to and through its decline including how power was centralized within the zhou royal house and aristocratic families that ruled their individual territories this resource explains the spring and autumn periods as well as confucius s influence and the positive and

negative aspects of the qin dynasty readers will be captivated by the ebb and flow of rulers the excitement of peasant revolts and rebellions that ultimately resulted in the fall of ancient china

an informative account of the more than 7 000 year old civilization of china including insights into the individuals who helped shape this country

find out what the ancient chinese liked for their dinner how the aztecs used to write and what the romans used to wear in this innovative series

this series introduces readers to the lives of ancient peoples including their social economic political and cultural beliefs and practices

presents the civilization of ancient china discussing aspects of daily life for different social classes and reviewing some of the contributions made to later civilizations

we have in china the universal worship of ancestors which constitutes or did until a d 1912 the state religion usually known as confucianism and in addition we have the gods of the specific religions which also originally took their rise in ancestor worship namely buddhism and taoism other religions though tolerated are not recognized as chinese religions it is with a brief account of this great hierarchy and its mythology that we will now concern ourselves besides the ordinary ancestor worship as distinct from the state worship the people took to buddhism and taoism which became the popular religions and the literati also honoured the gods of these two sects buddhist deities gradually became installed in taoist temples and the taoist immortals were given seats beside the buddhas in their sanctuaries every one patronized the god who seemed to him the most popular and the most lucrative there even came to be united in the same temple and worshipped at the same altar the three religious founders or figure heads confucius buddha and lao tz the three religions were even regarded as forming one whole or at least though different as having one and the same object san êrh i yeh or han san wei i the three are one or the three unite to form one a quotation from the phrase t ai chi han san wei i of fang yü lu when they

reach the extreme the three are seen to be one in the popular pictorial representations of the pantheon this impartiality is clearly shown

confucius the great wall silk oracle bones writing and paper are among the topics explored here this book starts with emperor qin shi huangdi s life size terracotta army of soldiers chariots and horses the photographs show the army as it looks today and in the broken disarray of its discovery the following chapters deal with early development early dynasties the unification of china and the achievements gifts and inventions of the ancient chinese

these twenty one letters are an excellent window to ancient china they give a glimpse of the remarkable history and civilization of china from 2000 bc to 1200 ad starting with a detailed description of the land and the people the book narrates the major events which happened in the reigns of the xia shang zhou qin sui tang song liao western xia jin and the other major dynasties it not only talks of the wars conflicts and events of these times but also gives the reader a remarkable insight into the great achievements in arts painting literature religion and the sciences of ancient china from the teachings of confucius the invention of paper by cai lun the invention of gunpowder by sun simao to the beautiful grottoes and paintings by chinese artists the reader is led through a fascinating journey of early china he learns about the terracotta warriors of the qin dynasty unearthed at lintong shaanxi province which has now been declared a world heritage site he reads about the various systems of governance and laws in ancient china and the great constructions undertaken by various emperors including the great wall of china the book eloquently bring out the magnificence of the tang dynasty 618 907 ad which made chang an now xi an the most prosperous city of the east rivalling rome of the roman empire dynastic charts and maps give the reader greater information the style is lucid and makes for easy reading the large number of illustrations makes the book very interesting altogether a informative and enjoyable book

these two volumes elucidate the manner in which there emerged on the north china

plain hierarchically structured functionally specialized social institutions organized on a political and territorial basis during the second millennium b c they describe the way in which during subsequent centuries these institutes were diffused through much of the rest of north and central china author paul wheatley equates the emergence of the ceremonial center as evidenced in shang china with a functional and developmental stage in urban genesis and substantiates his argument with comparative evidence from the americas mesopotamia egypt southeast asia the mediterranean and the yoruba territories the origins and character of the ancient chinese city seeks in small measure to help redress the current imbalance between our knowledge of the contemporary western style city on the one hand and of the urbanism characteristic of the traditional world on the other those aspects of urban theory which have been derived predominantly from the investigation of western urbanism are tested against rather than applied to ancient china the origins and character of the ancient chinese city examines the cosmological symbolism of the chinese city constructed as a world unto itself it suggests with a wealth of argument and evidence that this cosmo magical role underpinned the functional unity of the city everywhere until new bases for urban life began to develop in the hellenistic world whereas the majority of previous investigations into the nature of the chinese city have been undertaken from the standpoint of elites the origins and character of the ancient chinese city has adopted a point of view closer to that of the social scientist than the geographer

this is an easy to read yet highly informative history of ancient china it is a classic in the field and covers all aspects of ancient chinese life and culture from the dynasties of the kings to the occupations and entertainments of the people including ancient chinese religions sports literature and customs as well as the politics geography and wars of this great civilization it also includes chapters on ancient japan human sacrifice ancestor worship and many interesting but generally unknown facts

presents information about the history government agriculture military art religion and everyday life of ancient china

introduces various elements of ancient chinese civilization including great thinkers family life inventions and the government

using newly discovered and excavated texts constance a cook and xinhui luo systematically explore material culture inscriptions transmitted texts and genealogies from bce china to reconstruct the role of women in social reproduction in the ancient chinese world applying paleographical linguistic and historical analyses cook and luo discuss fertility rituals birthing experiences divine conceptions divine births and the overall influence of gendered supernatural agencies on the experience and outcome of birth they unpack a cultural paradigm in which birth is not only a philosophical symbol of eternal return and renewal but also an abiding religious and social focus for lineage continuity they also suggest that some of the mythical founder heroes traditionally assumed to be male may in fact have had female identities students of ancient history particularly chinese history will find this book an essential complement to traditional historical narratives while the exploration of ancient religious texts many unknown in the west provides a unique perspective into the study of the formation of mythology and the role of birthing in early religion
