codified in the 1899 and 1907 hague peace conferences and later modified by the 1949 fourth geneva convention the traditional international law of occupation has been challenged by advocates of human rights and self determination and tested by the numerous occupations of the last two decades among them israeli occupation of the west bank and gaza turkish occupation of northern cyprus the vietnamese occupation of cambodia u s operations in grenada and panama and occupations during the persian gulf crisis to address the new issues that have emerged eyal benvenisti formulates a contemporary theory of the law of occupation and establishes guidelines for the lawful management of occupation in his new preface the author addresses issues arising from the u s occupation of iraq benvenisti delineates the international responsibilities and obligations of governments that gain control over foreign territories through the use of force and examines the conduct of various occupying powers of the twentieth century beginning with the german occupation of belgium during world war i he analyzes the actions of these occupants by contrasting them with the reactions of ousted governments of peoples under occupation and of other states and of supranational organizations additionally he evaluates the legality of various measures taken by occupants with the result that the nature of occupation can now for the first time be systematically assessed

transforming occupation in the western zones of germany provides an in depth transnational study of power politics daily life and social interactions in the western zones of occupied germany during the aftermath of the second world war combining a history from below with a top down perspective the volume explores the origins impacts and legacies of the occupations of the western zones of germany by the united states britain and france examining complex yet topical issues that often arise as a consequence of war including regime change transitional justice everyday life under occupation the role of intermediaries and the multifaceted relationship

between occupiers and occupied adopting a novel set of approaches that puts questions of power social relations gender race and the environment centre stage it moves beyond existing narratives to place the occupation within a broader framework of continuity and change in post war western europe incorporating essays from 16 international scholars this volume provides a substantial contribution to the emerging fields of occupation studies and the comparative history of post war europe

focusing on key countries and topics this book looks at europe s involvement in the occupation of palestinian territories what has been europe s role in the occupation of palestinian territories since 1967 how have european actors responded countered and or supported the occupation the international context of this exceptionally long occupation shows a complex web of denunciations but also and especially complicit engagements and indifference the book looks at the perspective of international law before analysing the european union and key european countries france germany norway sweden united kingdom it also embraces different perspectives from the debate on campus to the role of european multinational companies to the conceptual approach of the world bank while much of the literature focuses on israel palestine and the united states this volume by leading experts adds a very important piece to the puzzle the european dimension the chapters in this book were originally published as a special issue of the journal global affairs

key resolutions from the first fifty years of the united nations general assembly

official records produced by the armies of the united states and the confederacy and the executive branches of their respective governments concerning the military operations of the civil war and prisoners of war or prisoners of state also annual reports of military departments calls for troops correspondence between national and state governments correspondence between union and confederate officials the final volume includes a synopsis general index special index for various military divisions and background information on how these documents were collected and published accompanied by an atlas
