this is a companion volume to greek for the rest of us by william d mounce this book is a guide for english only readers to understand the language of the old testament just enough to work with the old testament in more detail and to understand the scholarly literature on the hebrew bible its specific aims are to aid students to learn 1 why translations differ 2 how to do hebrew word studies 3 what the basics of hebrew exegesis are and 4 how to read more advanced old testament commentaries with greater understanding herbrew for the rest of us is set up in a workbook format

diabetes is a chronic disease characterized by hyperglycemia resulting from defects in insulin production its efficacy or both in recent years the growth of the diabetes endemic has been an escalating global health concern impacting all ages and societies diabetes causes a range of complications such as heart disease stroke kidney failure and vision loss impacting an individual s quality of life as well as increasing both morbidity and mortality it is due to this that constant monitoring and lifestyle modifications are needed to ensure individuals have adequate management of the disease digital technology has been pivotal in revolutionizing patient care in the 21st century directly impacting diabetes management and prevention by providing new risk assessments diagnosis treatment and telemedicine the integration of health informatics in diabetes care offers seamless tracking monitoring and personalization of the care process enhancing experiences for both caregivers and patients yet the potential of this fast evolving field stands largely untapped necessitating further exploration to harness its robustness in diabetes control and prevention

language is the most essential medium of scientific activity many historians sociologists and science studies scholars have investigated scientific language for this reason but only few have examined those cases where language itself has become an object of scientific discussion over the centuries scientists have sought to control refine and engineer language for various epistemological communicative and nationalistic purposes this book seeks to explore cases in the history of science in which questions or concerns with language have bubbled to the surface in scientific discourse this opens a window into the particular ways in

which scientists have conceived of and construed language as the central medium of their activity across different cultural contexts and places and the clashes and tensions that have manifested their many attempts to engineer it to both preserve and enrich its function the subject of language draws out many topics that have mostly been neglected in the history of science such as the connection between the emergence of national languages and the development of science within national settings and allows us to connect together historical episodes from many understudied cultural and linguistic venues such as eastern european and medieval hebrew science

the mcmaster journal of theology and ministry is an electronic and print journal that seeks to provide pastors educators and interested lay persons with the fruits of theological biblical and professional studies in an accessible form published by mcmaster divinity college in hamilton ontario it continues the heritage of scholarly inquiry and theological dialogue represented by the college s previous print publications the theological bulletin theodolite and the mcmaster journal of theology

although most children learn language relatively quickly as many as 10 per cent of them are slow to start speaking and are said to have developmental language disorder dld children with dld are managed by a variety of different professionals in different countries are offered different services for different periods of time and are given a variety of different therapeutic treatments to date there has been no attempt to evaluate these different practices managing children with developmental language disorder theory and practice across europe and beyond does just this reporting on the findings of a survey carried out as part of the work of cost action is1406 a european research network law and colleagues analyse the results of a pan european survey looking at how different services are delivered in different countries at the cultural factors underpinning such services and the theoretical frameworks used to inform practice in different countries the book also provides a snapshot of international practices in a set of 35 country specific vignettes providing a benchmark for future developments but also calling attention to the work of key practitioners and thinkers in each of the countries investigated this book will be essential reading for practitioners working with children with language impairments those commissioning services and policy in the field and students of speech and language therapy

original text

the late second temple period c 200 bc to 70 ad was a period of intense social changes for the jewish people during this period the jewish people experienced a syrian king defiling the jerusalem temple the maccabean revolt the celebration of hanukkah the establishment of a competing jewish temple in egypt and the destruction of the jerusalem temple during this time jews spread out all over the diaspora the turmoil and the lack of visible cohesion have led many scholars to argue that there was no jewish unity and no distinguishable jewish identity in this time period this book argues against this trend in academia and posits that a strong jerusalem tradition unified the jewish people book jacket

vol for 1958 includes also the minutes of the final general assembly of the united presbyterian church of north america and the minutes of the final general assembly of the presbyterian church in the u s a

it has been my endeavor in these pages to guide the seminarian pastor and research student in the selection of the finest and most up to date interpretive aids available for serious study of the bible this book is not designed first of all for scholars who have no practical parish concerns though it is hoped that many an hour of bibliographical research may be saved through the use of these pages rather it is written for those who have not grown too old to dream new dreams and who have not become so hopelessly entangled in professional busyness that they can no longer thrill at the prospect of fresh discovery preface
