research into the hebrew bible ancient near east philosophy and history have long
considered whether thought in the cultural area of the ancient middle east differs from
that in the western mediterranean the inclusion of neurobiology psychology brain
research and evolutionary research will widen this horizon and allow new approaches this
volume provides in depth insides into this archaeology of mind in 22 contributions

we have lost an essential understanding of jesus his jewishness through the years our
understanding of jesus has been shaped by different cultural influences and many
western christians have formed an inaccurate perspective of jesus and his teachings
beliefs and ways of acting in robby gallaty s deeply reformativ book he reveals the
essential hebraic culture customs and nuances many christians have forgotten or never
learned and he argues that as long as jesus s jewish context is misplaced and

misunderstood our understanding of the bible our faith and the church falls far short the forgotten jesus will open your eyes to the first century world in which jesus lived and its connection to the time of the old testament the vast differences between the western and middle eastern mind and how our modern approach to understanding the bible is influenced far more by the greeks and romans than by a hebrew way of thinking essential textual connections between the parts of the bible that we often overlook important hebraic perspectives on the messiah to point out some errors many christians have believed through the years why jesus s words on the cross about god forsaking him may have deeper meaning than we realize by uncovering the teaching of the first and second century rabbis and christian theologians and highlighting little known jewish idioms and traditions gallaty takes christians on a biblical journey to rediscover a forgotten jesus from a biblical perspective deepening your relationship with god

the series beihefte zur zeitschrift für die alttestamentliche wissenschaft bzw covers all areas of research into the old testament focusing on the hebrew bible its early and later forms in ancient judaism as well as its branching into many neighboring cultures of the ancient near east and the greco roman world

the architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century this branch of linguistics broadly known as generative grammar is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the language organ the series comprises high quality monographs and collected volumes that address such issues the topics in this series range from phonology to semantics from syntax to information structure from mathematical linguistics to studies of the lexicon

ever since plato made the case for the primacy of ideas over names philosophy has tended to elevate the primacy of its ideas over the more common understanding and insights that are circulated in the names drawn upon by the community commencing with a critique of plato s original philosophical decision cristauo takes up the argument put forward by thomas reid that modern philosophy has generally continued along the way of ideas to its own detriment his argument identifies the major paradigmatic developments in modern philosophy commencing from the new metaphysics pioneered by descartes up until the analytic tradition and the anti domination philosophies which now dominate social and political thought along the way he argues that the paradigmatic shifts and break downs that have occurred in modern philosophy are due to being beholden to an inadequate sovereign idea or small cluster of ideas which contribute to the occlusion of important philosophical questions in addition to chapters on descartes and the analytic tradition and anti domination philosophies his critical history of modern philosophy explores the core ideas of locke berkeley malebranche locke hume reid kant fichte hegel schelling marx kierkegaard schopenhauer nietzsche husserl and heidegger the common thread uniting these disparate philosophies is what cristauo calls ideaism sic rather than expanding our reasoning capacity ideaism contributes to philosophers imposing dictatorial principles or models that ultimately occlude and distort our understanding of our participative role within reality drawing upon thinkers such as pascal vico hamann herder franz rosenzweig martin buber and eugen rosenstock huessy cristauo advances

his argument by drawing upon the importance of encounter dialogue and a more philosophical anthropological and open approach to philosophy

the christian life was so much more than just a one time decision to secure a place in heaven what if you could experience heaven on earth today not flying angels singing on clouds but the fulfilled abundant life jesus promised in the bible a life that regardless of your circumstances or your present context experiences joy happiness and peace that is difficult to encapsulate in human terms what if heaven was available to us today pastor and author robby gallaty thinks it is we have been taught that salvation is getting man out of earth to live in heaven when the bible teaches that god desires to bring heaven to earth through man in here and now readers will journey together to uncover the nucleus of jesus messages which says the opposite jesus spoke about the kingdom of heaven and the kingdom of god both are synonymous as we will see more than any other topic no other concept is even close

provides an in depth analysis of the differences between the greek and hebrew philosophies and religions while examining the consequences of both the hellenic and hebrew ethics codes

these twelve essays most of which are specially commissioned move the study of rhetoric away from the more familiar world of greece to examine how rhetoric functioned and differed in earlier cultural settings contributors discuss in some depth the rhetoric of mesopotamia egypt china the bible and rhodes as an alternative to athens
