this edited volume brings together 10 cutting edge empirical studies on the realities of english language learning teaching and testing in a wide range of global contexts where english is an additional language it covers three themes learners development of interactional competence the organization of teaching and testing practices and sociocultural and ideological forces that may impact classroom interaction with a decided focus on english as a foreign language contexts the studies involve varied learner populations from children to young adults to adults in different learning environments around the world the insights gained will be of interest to efl professionals as well as teacher trainers policymakers and researchers

this book challenges the assumption that the major benefits of investment in rural education accrue to traditional agricultural activities such as staples production

charles walcott and karen hult maintain that the organization of the white house influences presidential performance much more than commonly thought and that organization theory is an essential tool for understanding that influence their book

offers the first systematic application of organizational governance theory to the structures and operations of the white house office using organizational theory to analyze what at times has been a rather ad hoc and disorganized office might seem quixotic after all the white house office exists within a turbulent political environment that encourages expedient decision making and every four to eight years it must be reinvented by presidents who have their own theories and preferences about how to organize a staff to serve their policy needs but walcott and hult argue that white house staffs are not simply puppets of presidential preference and style yes staff structures evolve primarily from presidents strategic responses to external demands but those structures in turn significantly influence how the executive branch perceives and responds to further demands the first part of their book lays out the theoretical argument the second examines white house outreach congressional liaison press relations personnel selection executive branch oversight and interest group and intergovernmental liaison the third focuses on white house handling of policy development and implementation the fourth analyzes staff structures that facilitate the operation of the presidency itself presidential writing and scheduling staff management and cabinet coordination the book concludes by identifying general patterns in the emergency nature and stability of governance structures in the white house original and instructive governing the white house provides a much needed primer on the inner workings of the white house staff and will be an essential volume for anyone studying the presidency

this updated edition should be welcomed by anyone interested in shakespeare particularly useful are its pithy introductions and bibliographies on various critical approaches david bevington editor of complete works of shakespeare a handy compact map to the changing and contested field of shakespeare studies bruce r smith author of homosexual desire in shakespeare s england copyright libri gmbh all rights reserved
