alexander murray has long had an intellectual interest in the history of religion struggling between his inbuilt anti clericism and his pronounced monastic leanings the five essays in conscience and authority in the medieval church take on this dialectic addressing the difficult relationship between private conscience and public authority in the twelfth and thirteenth centuries in any organization political military commercial or religious the relationship of conscience and authority is always potentially fraught and can create dilemmas both for those in authority and those without this volume records how our european predecessors approached and dealt with the same dilemmas as we face in the modern world

medievalists reading and writing about and around authority related themes lack clear definitions of its actual meanings in the medieval context authorities in the middle ages offers answers to this thorny issue through specialized investigations this book considers the concept of authority and explores the various practices of creating authority in medieval society in their studies sixteen scholars investigate the definition formation establishment maintenance and collapse of what we understand in terms of medieval struggles for authority influence and power the interdisciplinary nature of this volume resonates with the multi faceted field of medieval culture its social structures and forms of communication the fields of expertise include history legal studies theology philosophy politics literature and art history the scope of inquiry extends from late antiquity to the mid fifteenth century from the church fathers debating with pagans to the rapacious ghosts ruining the life of the living in the sagas there is a special emphasis on such exciting but understudied areas as the balkans iceland and the eastern fringes of scandinavia

throughout the middle ages and early modern europe theological uniformity was synonymous with social cohesion in societies that regarded themselves as bound together at their most fundamental levels by a religion to maintain a belief in opposition to the orthodoxy was to set oneself in opposition not merely to church and state but to a whole culture in all of its manifestations from the eleventh century to the fifteenth however dissenting movements appeared with greater frequency attracted more followers acquired

philosophical as well as theological dimensions and occupied more and more the time and the minds of religious and civil authorities in the perception of dissent and in the steps taken to deal with it lies the history of medieval heresy and the force it exerted on religious social and political communities long after the middle ages in this volume edward peters makes available the most compact and wide ranging collection of source materials in translation on medieval orthodoxy and heterodoxy in social context

twelve distinguished scholars examine the question of authority in literature from the 12th to the 16th century specialists in italian french spanish offer close readings of literary philosophical texts provide a variety of critical theoretical approaches including authorial self canon formation counterfeit intertextuality historical context

in this study james greenaway explores the philosophical continuity between contemporary western society and the middle ages allowing for genuinely modern innovations he makes the claim that the medieval search for order remains fundamentally unbroken in our search for order today

a unique volume demonstrating how law changes by reason of challenges to authority which seek the recognition of rights

minnis presents the fruits of a long term engagement with the ways in which crucial ideological issues were deployed in vernacular texts he addresses the crisis for vernacular translation precipitated by the lollard heresy langland s views on indulgences chaucer s tales of suspicious saints and risible relics and more

while they often go hand in hand and the distinction between the two is frequently blurred authority and power are distinct concepts and abilities this was a problem that the church tussled with throughout the high and late middle ages claims of authority efforts to have that authority recognized and the struggle to transform it into more tangible forms of power were defining factors of the medieval church s existence as the studies assembled here demonstrate claims to authority by members of the church were often in inverse proportion to their actual power a problematic paradox which resulted from the uneven and uncertain acceptance of ecclesiastical authority by lay powers and indeed fellow members of the

ecclesia the chapters of this book reveal how clerical claims to authority and power were frequently debated refined opposed and resisted in their expression and implementation the clergy had to negotiate a complex landscape of overlapping and competing claims in pursuit of their rights they waged these struggles in arenas that ranged from papal royal and imperial curiae through monastic houses law courts and parliaments urban religious communities and devotional networks to contact and conflict with the laity on the ground the weapons deployed included art manuscripts dress letters petitions treatises legal claims legates and the physical arms of allied lay powers in an effort to further our understanding of this central aspect of ecclesiastical history this interdisciplinary volume which effects a broad temporal geographical and thematic sweep points the way to new avenues of research and new approaches to a traditional topic it fuses historical methodologies with art history gender studies musicology and material culture and presents fresh insights into one of the most significant institutions of the medieval world

concern with authority is as old as human history itself eve s sin was to challenge the authority of god by disobeying his rule frank furedi explores how authority was contested in ancient greece and given a powerful meaning in imperial rome debates about religious and secular authority dominated europe through the middle ages and the reformation the modern world attempted to develop new foundations for authority democratic consent public opinion science yet furedi shows that this problem has remained unresolved arguing that today the authority of authority is questioned this historical sociology of authority seeks to explain how the contemporary problems of mistrust and the loss of legitimacy of many institutions are informed by the previous attempts to solve the problem of authority it argues that the key pioneers of the social sciences marx durkheim simmel tonnies and especially weber regarded this question as one of the principal challenges facing society

this volume is some sort the sequel to a book on the problem of sovereignty which i published in march 1917 preface
