in smart kids bad schools award winning author and educator brian crosby draws on his twenty years as a high school

english teacher to offer a candid appraisal of why our schools are failing and what we must do to save them crosby s no holds barred critique of the broken education system leaves no stone unturned he is unapologetic and uncompromising in his exposé of how teachers administrators unions and parents all play a part in this national tragedy crosby offers 38 ideas to save america s future and his proposed remedies are revolutionary he recommends bold measures such as lengthening the school day and school year forcing parents to volunteer at schools abolishing homework outlawing teachers unions and cutting special education funding the result is a book that is likely to inflame passions on all sides of the political spectrum and in the process introduce new ideas to a debate that is in dire need of them

the collection of papers presented in this monograph provides an update on developments in assessment for counselors practitioners and researchers in all types of educational settings the papers are grouped into five sections section 1 on emerging issues includes topics on testing theories presently used and some thoughts for the future section 2 concerns issues of counselor education in higher education section 3 discusses educational assessment in elementary and secondary schools and the role of the counselor in school guidance section 4 considers testing modifications and accommodations that are in practice with the special needs population section 5 reviews special assessment topics examples of these topics include the rights of the test takers communicating test results writing multiple choice tests and use of specific types of tests also included are reprints of 33 eric cass digests on assessment in counseling and therapy produced for the assessment 95 eric cass and the association for assessment in counseling national conference with the publication of this monograph it is hoped that a wide range of practitioners and researchers will have access to current information that is not readily available to them contains over 300 references jdm

this book is designed for a typical first semester legal research and writing program that focuses on legal research objective legal writing and legal analysis murray and desanctis employ the treat paradigm and the doctrine of explanatory synthesis that are designed with reference to rhetorical theory to maximize the effectiveness of audience directed legal writing this book has sample research plans for tight budgets in terms of time or expense

they will be focused on measuring a student s ability to produce accurate documents that serve the purposes of the problems presented within the context of a specific area of law part i of the book presents writing across the curriculum and writing in the law discipline problems in each of the first year law school subject areas contracts torts civil procedure criminal law property and constitutional law parts ii iii and iv provide research exercises and writing problems for each topic of a first year legal research and writing course and track the content of the other three books in murray and

desanctis s interactive legal research and writing series part v of the book takes the writing across the curriculum and writing in the law discipline experience to upper division law school subjects of remedies copyright right of publicity and advanced constitutional law first amendment
