fichtner offers a striking retelling of the passion narrative that enables anyone to participate in the crucifixion today as a peter mary magdalene or mary mother of jesus not only in suffering but also in the triumph he vividly retells 38 of jesus stories by characterizing 15 people who are somehow involved in the crucifixion of christ each presentation concludes with a reflection prayer which updates the event of the crucifixion and shows its personal and social implications

few treatments of the death of jesus christ have made a point of accounting for the gruesome degrading public manner of his death by crucifixion a mode of execution so loathsome that the ancient romans never spoke of it in polite society rutledge probes all the various themes and motifs used by the new testament evangelists and apostolic writers to explain the meaning of the cross of christ she shows how each of the biblical themes contributes to the whole with the christus victor motif and the concept of substitution sharing pride of place along with irenaeus s recapitulation model

why do you wear a cross why is the universal symbol of christianity the method of

jesus execution is this morbid fascination with crucifixion biblical is the death of jesus to be the dominant theme of christianity what is the reason for the irrational contempt and hatred for the cross in todays culture in understanding the mystery of the cross author mike beecham explains why only crucifixion could redeem humanity no other death would do some of the topics addressed in this book how man was separated from god and reconciled to god at a tree the similarities between adams fall and jesus crucifixion how god used the blueprint of mans fall in the garden of eden as a pattern to follow to provide mans redemption at the cross of christ how this ancient event impacts our life today join the author on a journey to discover not only what happened to jesus on that cross but what happened to you

what was crucifixion why was jesus of nazareth executed and what really happened gerard sloyan begins with history and traces the development of the new testament accounts of jesus death he shows how jesus death came to be seen as sacrificial and how the evolving understandings of jesus death affected those who suffered most from it the jews he then traces the emergence and development in theology liturgy literature art of the conviction that jesus death was redemptive as seen both in soteriological theory from tertullian to anselm in the reformation and modern eras and in more popular religious responses to the crucifixion especially fascinating is the story of the emergence of a distinct passion piety that still characterizes the west in all this sloyan detects the separation of the cross from jesus life and resurrection allowing the mythicizing of an event too large for mere words to handle the mystery of the cross

christ paid for the sins of the people of the world on the cross the work of redemption of god the father through god the son which started at the garden of eden was

completed on the day that christ was crucified on the cross as the great hymn says on the cross is when i first saw the lord and all my sins rolled away all believers must come to the realization that the cross of christ is the basis for our salvation if christ did not go to the cross there would be no salvation and no eternal life we would still be in our sins we should all praise and glorify the god of glory for the finished work of salvation on the cross if some churches preach and say to forget the cross that christ is no longer on the tree those preachers are not preaching the true gospel the cross should be in our churches and in our homes to remind us of the agony of our lord so that we may totally surrender to his lordship and live with him from this earth to heaven let us embrace the cross the power and the love of jesus christ for humanity through his crucifixion on the cross

roman crucifixions sought to degrade and dehumanise their victims in ways that destroyed their dignity and stigmatised their memory paul speaks of the cross as a scandal or stumbling block but the significance of this language has never been explored in terms of sexual violence the crucifixion of jesus examines crucifixion as a form of torture state terror and sexual abuse it reads recent accounts of torture alongside the presentation of crucifixion in the passion narratives and other greek and roman sources outlining compelling reasons for viewing jesus as a victim of sexual abuse it examines why this unsettling aspect of the narrative has remained hidden in plain sight for so long and what place it might have in discussions of rape culture past and present it also asks whether other acts of sexual violence and rape might have happened during the mockery in the praetorium or even on the cross itself it argues that although the acknowledgement of this unspeakable violence is deeply disturbing breaking the silence can nonetheless have constructive consequences in addition to

offering a more historical understanding of crucifixion this book illuminates positive new aspects of resurrection making it a probing read for scholars of biblical studies and for those interested in the interplay of religion and violence

in paul s epistles the crucifixion story reveals a god who is free and in no way bound by human categories or expectations yet god in christ chooses to be engaged in the very depths of the human predicament the message of the crucifixion is that god s power is manifested in weakness not in strength the author believes that this weakness as strength should be the focal point of the church s identity however a celebration of weakness is in complete opposition to traditional american beliefs in personal strength and a powerful church ernst käsemann has written on the theme of the cross most poignantly and penetratingly because the cross is endlessly relentless in its claim and restless in its critical voice however even käsemann s rendering is not final cousar s book demonstrates that we can and must move beyond even käsemann in our own obedient act of understanding and response to the cross cousar s careful and acute exposition shows effectively that the cross cannot be contained in such a single category but functions as a norm and singular definitional voice on a broad range of theological interpretive and ethical issues from the editor s foreword by walter brueggemann

the crucifixion is the only religious event or scene that has been represented in irish art in virtually every century from the year 800 down to the present day crucifixes and crucifixion scenes thus provide an ideal and consistent yardstick against which we can measure the achievements of irish artists and craftsmen during the last dozen centuries or so they can reflect not only the changes in art styles throughout this period but also through individual characteristics and the accompanying figures and objects the changing theology down the years from the introduction throughout irish history artists have captured the crucifixion using a variety of mediums on crosses in stained glass on tombstones sculptures and paintings photographs of fifty such depictions of the crucifixion 46 in black and white and 4 in color ranging from the year 800 ce to the present along with interpretive commentary show the development of this image and the theology surrounding it in ireland a perfect book for contemplation

from its english publication in 1973 jrgen moltmanns the crucified god garnered much attention and it has become one of the seminal texts of twentieth century theology following up on his groundbreaking theology of hope the crucified god established the cross as the foundation for christian hope moltmanns dramatic innovation was to see the cross not as a problem of theodicy but instead as an act of ultimate solidarity between god and humanity in this he drew on liberation theology and he was among the first to bring third world theologies into a first world context moltmann proposes that suffering is not a problem to be solved but instead that suffering is an aspect of gods very being god is love and love invariably involves suffering in this view the crucifixion of jesus is an event that affects the entirety of the trinity showing that the crucified god is more than an arresting title it is a theological breakthrough
