a compelling ethnographic account of middle class blacks in new york city a major contribution to race consumption class and urban studies juliet schor author of *after the gig* in their own words the subjects of this book present a rich portrait of the modern black middle class examining how cultural consumption is a critical tool for enjoying material comforts as well as challenging racism new york city has the largest population of black americans out of any metropolitan area in the united states it is home to a steadily rising number of socio economically privileged blacks in *black privilege* cassi pittman claytor examines how this economically advantaged group experiences privilege having credentials that grant them access to elite spaces and resources with which they can purchase luxuries while still confronting persistent anti black bias and racial stigma drawing on the everyday experiences of black middle class individuals pittman claytor offers vivid accounts of their consumer experiences and cultural flexibility in the places where they live work and play whether it is the majority white wall street firm where they're employed or the majority black baptist church where they worship questions of class and racial identity are equally on their minds they navigate divergent social worlds that demand at times middle class sensibilities pedigree and cultural acumen and at other times pride in and connection with other blacks

rich qualitative data and original analysis help account for this special kind of privilege and the entitlements it affords materially in terms of the things they consume as well as symbolically as they strive to be unapologetically black in a society where a racial consumer hierarchy prevails

ever since Bessie Smith's powerful voice conspired with the race records industry to make her a star in the 1920s African American writers have memorialized the sounds and theorized the politics of Black women's singing in *Black Resonance*. Emily J. Lordi analyzes writings by Richard Wright, Ralph Ellison, James Baldwin, Gayl Jones, and Nikki Giovanni that engage such iconic singers as Bessie Smith, Billie Holiday, Mahalia Jackson, and Aretha Franklin, focusing on two generations of artists from the 1920s to the 1970s. *Black Resonance* reveals a musical literary tradition in which singers and writers faced with similar challenges and harboring similar aims developed comparable expressive techniques, drawing together such seemingly disparate works as Bessie Smith's blues and Richard Wright's neglected film *Native Son*, Mahalia Jackson's gospel music and Ralph Ellison's *Invisible Man*. Each chapter pairs one writer with one singer to crystallize the artistic practice they share: lyricism, sincerity, understatement, haunting, and the creation of a signature voice. In the process, Lordi demonstrates that popular female singers are not passive muses with raw, natural, or ineffable talent; rather, they are experimental artists who innovate Black expressive possibilities right alongside their literary peers. The first study of Black music and literature to centralize the music of Black women, *Black Resonance* offers new ways of reading and hearing some of the twentieth century's most beloved and challenging voices.

The past and future of Black history in this information overloaded twenty-first century it seems impossible to fully discern or explain how we know about the past, but two things are certain: whether we are conscious of it or not, we all think historically on a routine basis, and our perceptions of history, including African American history, have not necessarily been shaped by professional historians. In this wide-reaching and timely book, Pero Dagbovie argues that public knowledge and understanding of Black history, including its historical icons, has been shaped by institutions and individuals outside academic ivory towers. Drawing on a range of compelling examples, Dagbovie explores how in the twenty-first century African American history is regarded, depicted, and juggled by diverse and contesting interpreters, from museum curators to filmmakers, entertainers, politicians, journalists, and bloggers, underscoring the ubiquitous nature of African American history in contemporary American thought and culture. Each chapter unpacks how Black history has been represented and remembered, primarily during the age of Obama, the so-called era of post-racial American society. Reclaiming the Black past is Dagbovie's contribution to

expanding how we understand african american history during the new millennium

stephen c ferguson ii provides a philosophical examination of black popular culture for the first time from extensive discussion of the philosophy and political economy of hip hop music through to a developed exploration of the influence of the postmodernism poststructuralist ideology on african american studies he argues how postmodernism ideology plays a seminal role in justifying the relationship between corporate capitalism and black popular culture chapters cover topics such as cultural populism capitalism and black liberation the philosophy of hip hop music and harold cruse s influence on the cultural turn in african american studies ferguson combines case studies of past and contemporary black cultural and intellectual productions with a marxist ideological critique to provide a cutting edge reflection on the economic structure in which black popular culture emerged he highlights the contradictions that are central to the juxtaposition of black cultural artists as political participants in socioeconomic struggle and the political participants who perform the rigorous task of social criticism adopting capitalism as an explanatory framework ferguson investigates the relationship between postmodernism as social theory current manifestations of black popular culture and the theoretical work of black thinkers and scholars to demonstrate how african american studies have been shaped
