conceiving of christianity as a worldview has been one of the most significant events in the church in the last 150 years in this new book david naugle provides the best discussion yet of the history and contemporary use of worldview as a totalizing approach to faith and life this informative volume first locates the origin of worldview in the writings of immanuel kant and surveys the rapid proliferation of its use throughout the english speaking world naugle then provides the first study ever undertaken of the insights of major western philosophers on the subject of worldview and offers an original examination of the role this concept has played in the natural and social sciences finally naugle gives the concept biblical and theological grounding exploring the unique ways that worldview has been used in the evangelical orthodox and catholic traditions this clear presentation of the concept of worldview will be valuable to a wide range of readers

in this companion volume to the universe next door james w sire offers his refined definition of a worldview and addresses key questions about the history of worldview thinking the existential and intellectual formation of worldviews the public and private dimensions of worldviews and how worldview thinking can help us navigate an increasingly pluralistic universe

in against worldview reimagining christian formation as growth in wisdom simon p kennedy challenges the conventions of christian worldview education and provides a better way

for more than forty years the universe next door has set the standard for an introduction to worldviews this sixth edition uses james sire s widely influential model of eight basic

worldview questions to examine prominent worldviews that have shaped the western world critiquing each worldview within its own frame of reference and in comparison to others

the word worldview comes from german philosophy and literally signifies an all inclusive vision of the world nowadays the word has a more generic cultural or geopolitical usage often associated with an equivocal or indefinite meaning looking at its history this paper intends to clarify the meaning and implications of the term for such an analysis two thinkers wilhelm dilthey and karl jaspers both of whom thematised the concept of weltanschauung at the beginning of the 20th century will be taken into account what follows is a brief depiction of some peculiar and constitutive traits of the concept the composite nature of it the connection to life and the both total and personal value of a worldview for the holder of it this paper suggests that the potential conflictuality between contrary or competing worldviews is not accidental rather it is an aspect of such a conceptual constitution at whose core is a delicate balance between internal strength and external challenge this is what the paper calls the vitality paradox of a worldview

this book is likely to rank as the standard source on the hoover presidency for years to come
