anyone familiar with the rastafari movement and its connection with the bible is struck by the prevalence of messianic i locution found in both as the phenomenon is important in the canonical testaments more so within the new testament this study seeks to investigate its significance in certain epistolary pieces romans 7 14 25 15 14 33 the bio narratives and the apocalypse in their historical and cultural milieu the next stage of the investigation then compares the findings of the aforementioned new testament books with corresponding statements of the rasta community in order to determine their relevance for the ongoing anglophone theological enterprise in sum this study seeks to bring into critical dialogue the permutative messianic i of the new testament with the self understanding of rastafari

document from the year 2009 in the subject history america university of bremen language english abstract the emergence and expansion of rastafarianism has been a subject for some scholarly study in the caribbean the movement has flourished in due process as an outlet to a huge social and psychological confusions and decades long conflicts inside the movement and society of the islands to many sociologists it is the inevitable consequence of africans in diaspora people seeking to define their own identity and psychological needs it is a movement created not by a revolution but out of confusions and in search of their roots with a black god on the top rastafarianism presents a mixture of politics and theology that has emerged out of its formative years as they call it in the babylon in creating their own religion the rastafarians depend not only on the historical social or empirical experience of african descendants in the diaspora but also for their own analysis to determine an active plan for liberation regardless of other social norms they draw on the transcendental sources of human sensibility theocracy and imagination for as persons who see themselves to be persecuted wronged and deprived to be all but trapped in a situation of persistent material poverty including cultural degradation the only way they see to get out of this situation babylon is through an apocalypse from the early christian history we know that small groups who have worshipped false gods or established their own temples never succeeded and their religions have corroded including their followers however it seems different with the rastafarians because their movement is growing stronger speeding in almost all the continents this book is in part a revised version of both books babylon muss fallen germany 1989 and the rastafarians in search of their identity puerto rico 1985 and in part a contribution of rastafarian elders women activists and musicians

perhaps no other group of people has been as much formed by biblical texts and tropes as african americans from literature and the arts to popular culture and everyday life the bible courses through black society and culture like blood through veins despite the enormous recent interest in african american religion relatively little attention has been paid to the diversity of ways in which african americans have utilized the bible african americans and the bible is the fruit of a four year collaborative research project directed by vincent l wimbush and funded by the lilly endowment it brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies as well as art music film dance drama and literature the focus is on the interaction between the people known as african americans and that complex of visions rhetorics and ideologies known as the bible as such the book is less about the meaning s of the bible than about the bible and meaning s less about the world s of the bible than about how worlds and the bible interact in short about how a text constructs a people and a people constructs a text it is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general thus african americans and the bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed
