popular mechanics inspires, instructs, and influences readers to help them master the modern world whether it's practical DIY home improvement tips, gadgets, and digital technology information on the newest cars or the latest breakthroughs in science. PM is the ultimate guide to our high-tech lifestyle.

In 1971 after buying their acreage in a very remote area of the Colorado mountains, the Wood family began to develop their dream ranch. The history and wild life of the area provides a fascinating backdrop for their story of adventure and discovery in the wilderness from the

first americans to the mining era and the building of the railroads colorado is steeped in the glorious history of the wild west the property was located in the middle of a cow pasture with only marginal access and the closest electrical lines were over twelve miles away with no means of communication and the closest town twenty two miles away the family had their work cut out for them after surviving a devastating blizzard with thirty people in their home they understood the importance of understanding survival techniques their crazy but true experiences are recounted with frankness and humor by sharing his experiences and newly gained knowledge wood has saved many of his friends hundreds of dollars offering his advice on energy systems and the challenges of building in a remote area through perseverance and good old fashioned hard work he and his family built their dream ranch in the beautiful mountains of colorado
