michael catt pastor and executive producer of the film courageous examines the courage shown by biblical characters abraham nehemiah ruth paul etc to enliven our faith today

a man cannot be passive about what scripture tells him to do for his family and expect to be found faithful to god in the end he must see with spiritual eyes and realize that future generations are directly impacted by his daily decisions the resolution for men the resolution for men is the inspiring book born out of courageous a new film by the makers of fireproof coming to theaters nationwide in fall 2011 the movie which presents a powerful story of strong male leadership is an emotionally charged wake up call to fathers whose influence upon their children and society is immeasurable the resolution for men follows to challenge men of all ages to become as bold and intentional about embracing their responsibilities as leaders of their homes marriages and children written by stephen and alex kendrick screenwriters of courageous and authors of new york times no 1 best seller the love dare five million copies sold the resolution for men strategically inspires men to reconcile with their past re engage in the present by taking full responsibility for their wives and children and then move forward with a bold and clear resolution for the future written in partnership with the movie and priscilla shirer s new book the resolution for women it is designed to inspire a revolution

despite the trend in the sales of movie tickets and books i have noticed there is a popular misconception concerning works such as the chronicles many have the idea that the books are only for children and that when one grows up such childrens books are no longer of value those with this mindset believe that as people grow to adulthood they should move on to more important matters than the interests of childhood among other things this means leaving imaginative childrens literature behind lewis believed the contemporary distinctions between adult and children s books particularly the association of fantasy with children is artificial to think it proper only for children to read these kinds of books is a recent and false distinction according to lewis he pointed out that most of the great fairy tales were not addressed to children specifically but to readers of all ages walter hooper observed that lewis wrote fairy tales simply because he liked them himself and because he found them the best art form for what he had to say consequently while most children thoroughly enjoy the chronicles of narnia there is much in them to be savored and pondered by adults
