a clinical guide to the management of addictive disorders in psychiatric practice this practical text offers contemporary diagnosis and treatment of disorders in the rapidly growing sub specialty of addiction psychiatry

this volume sheds new light on addiction and other ailments detailing a recipe for transcendence the author describes pattern addiction as the root of a variety of psychological and physical afflictions including what is traditionally called addiction drug addiction offers one of the most tangible examples of patterning and some of the most tangible evidence that addiction to a pattern can be transcended pattern addiction is part of the human condition it frequently manifests itself in explicit symptoms such as drug addiction physical pain chronic ailments including ulcers and even cancer implicit pattern addictions are built over a long period of time because most neurological programming takes place over time this patterning becomes detrimental when the pattern is harmful to the emotional physical and or spiritual well being of the individual or his family or community all too often medicine treats the explicit symptoms of an affliction without correcting the underlying and more implicit pattern addictions this is due in part to the inability of current medical theory to do more

here are practical examples that adults can use to help teens deal with the serious issues they face daily topics include sexuality communication violence and substance abuse

drawing on his deep and personal knowledge of codependency addiction and recovery the author of signs wonders and the kingdom of god argues convincingly that we must look at dysfunctional behavior within our culture our churches and ourselves by daring to journey through the pain of spiritual emptiness which is the root of addiction we can transform the church from the inside out

this text provides a balanced approach to wellness with equal coverage of physical fitness and personal health topics it reflects a wellness approach considering how we can be well spiritually mentally and physically

the aim of this work is to support medical schools increased emphasis on the dynamics and effects of substance abuse disorders it discusses areas such as epidemiology cultural perspectives and the relationship between substance abuse and mental illness
