an experiential approach to group work is not your typical group work text using dozens of exercises that build practice tested skills the authors approach is in perfect step with cswe s competence based education requirements the book is organized into three sections the first addresses stages of group practice the second looks at major types of groups and the final section looks at examples of group work practice with special populations

reflecting the state of the art in the practice of experiential learning organizational behavior an experiential approach shows readers the

general psychological principles and how to apply those principles to social and organizational situations it also teaches readers how to become continuous learners capable of responding to demands for change and new skills throughout their career

leerboek voor studenten en managers

focusing on how to conduct and lead groups in a variety of therapeutic settings learning group leadership an experiential approach third edition covers theory process leadership ethics special populations and challenges as they relate to group work in a positive realistic and knowledgeable way jeffrey a kottler and matt englar carlson introduce important conceptual and practical information and then use activities exercises field study assignments and personal application questions to help students apply concepts to their work and lives the fully updated third edition brings concepts to life through student voices in every chapter examples drawn from the authors combined 55 plus years of experience and demonstration video content that contains sessions corresponding with every chapter this is the best book out there for introducing students to the complex world of groups the text delivers what it promises in the title it teaches counseling graduate students how to become solid group leaders or to be more precise how to begin their journey in that direction and it does this in a way that is positive knowledgeable and realistic the most impressive aspect of the material is the authors focus on the experiential approach training students to be group leaders combined with an accessible writing style a lot of knowledge and an enthusiastic attitude marilyn macgregor western new mexico university it s clear that the authors have a wealth of experience with counseling groups information is conversationally presented and realistically discussed marla j muxen south dakota state university this book is very readable and clearly explains the points it makes using accessible examples which students can readily understand skills discussed can be appreciated and applied to whatever personal experience of facilitating groups the student already has as such it is a text which grows with the student corinne hutt greenyer university of southampton

the prevailing view among therapists as well as clients is that a more vital life can be attained by overcoming negative thoughts and feelings yet despite efforts to achieve this goal many individuals continue to suffer with behavior disorders adjustment difficulties and low life satisfaction acceptance and commitment therapy act is a unique psychotherapeutic approach that addresses this issue by altering the very ground on which rational change strategies rest within a coherent theoretical and philosophical framework act illuminates the ways clients understand and perpetuate their difficulties through language the book shows how interventions based on metaphor paradox and experiential exercises can enable clients to break free of language traps and make contact with thoughts feelings memories and physical sensations that have been feared and avoided detailed guidelines are presented for helping clients recontextualize and accept these private events develop greater clarity about personal values and commit to needed behavior change

providing in one volume a scientifically sound theory of psychopathology and a practical treatment model and illustrated by a wealth of clinical examples this is an important resource for practitioners and students in the full range of behavioral health care fields

an experiential approach to organization development provides both a conceptual and experiential approach to the study of organizational development with a focus on developing interpersonal skills it gives students a comprehensive realistic innovative and practical introduction to the field which makes it the most student friendly text on the market

they shift the emphasis from the more common prescriptive techniques that are essentially insensitive to different contexts attitudes and beliefs and instead elaborate a theory of learning that is more social and interactive

what a pleasure to read dean nelson s personal account in his book the experiential approach he incorporates many sound psychological theories and approaches which are presented in a deeply emotional and authentic way nelson provides real life useful guidance and direction for individuals of all ages to assess and redirect their desires and goals this moving account of the author s personal struggles and successes throughout his lifelong journey magnifies the intensity of emotion put into this book the experiential approach is designed to provide a simple method for utilizing successful patterns that can work for those who are truly ready to make the effort and commitment dr anthony j barone clinical psychologist edd the experiential approach is a book for the millions of us who are searching for ways to handle the ever changing streams of stress that complicate our lives it effectively answers questions like do you find yourself in the grasp of procrastination do your fears keep you from doing what you want in life do you have difficulty maintaining focus do your goals always seem to be out of reach do you live with self doubt do you feel frustrated over situations you want to change but cannot do you feel stuck in your job relationship or life situation the book addresses these issues and more by providing real life examples that people can relate to along with simple step by step measures that allow the reader to transition into a feeling of fulfillment interesting and compelling exercises within the book promote avenues for discovering hidden deterrents to moving forward in life they will assist you in changing behavioral patterns leading to sense of accomplishment and satisfaction this book was written from the author s ongoing desire to assist those in need of experiencing the joy of living a fulfilled life it accomplishes this by helping people obtain goals eliminate doubt realize their potential and also aids them in discovering ways to implement the changes needed to create the life of one s dreams dreadful childhood experiences led the author on a lifelong search for meaning this journey intensified his hunt for a sense of fulfillment and joy in living everyday life his haunting past contributed to feelings of doubt shame failure and hopelessness during more than twenty five years of research and attending seminars in the self development arena he discovered ways of banishing the doubt and shame accepting success and accomplishments and turning his life into a self fulfilling path of

meaningful relationships creative destiny and the joyous expression of bliss the material in this book gives the reader somewhat of a shortcut to fulfillment all the years the author spent completing the research and learning the processes and techniques will benefit the reader immensely by providing an easy to follow results oriented plan for life improvement

the implications of this argument are both practical and theoretical by providing sorely absent scientific and philosophical grounding to the very foundations of dream interpretation the book clarifies and broadens the possibilities of dream interpretation within the clinical setting and breaks new ground in the field of psychoanalytic epistemology and the philosophy of the human sciences book jacket
