fouberg murphy human geography people place and culture 12th edition teaches students to appreciate the diversity of people places and cultures and understand the role people play in shaping our world the goals of this edition are to provide geographic context to global regional national and local issues and to teach students to think geographically and critically about these issues human geography features beautifully designed maps dozens of vibrant photographs taken by the author team and author and guest field notes that help students see how geographers read cultural landscapes and use fieldwork to understand places fouberg s human geography 12th edition now integrates threshold concepts to help students develop their ability to think geographically once they learn and apply one of these concepts in the context of a given place students integrate it into their thinking and can draw

from it as they learn new material and explore other places

young people place and identity offers a series of rich insights into young people's everyday lives what places do young people engage with on a daily basis how do they use these places how do their identities influence these contexts by working through common sense understandings of young people's behaviours and the places they occupy the author seeks to answer these and other questions in doing so the book challenges and re shapes understandings of young people's relationships with different places and identities the textbook is one of the first books to map out the scales themes and sites engaged with by young people on a daily basis as they construct their multiple identities the scales explored here include the body neighbourhood and community mobilities and transitions and urban rural settings and how these all shape and are shaped by young people's identities each chapter explores how social identities such as race gender sexuality class disability and religion are constructed within particular contexts and influenced by multiple processes of inclusion and exclusion these discussions are supported by details of the research methods and ethical issues involved in researching young people's lives drawing upon research from a range of contexts including europe north america and australasia this book demonstrates the complex ways in which young people creatively shape contest and resist their engagements with different places and identities the range of issues topics and case studies explored include ethical and methodological issues in youth research youth subcultures experiences of home territorialism youth and crime political engagement and participation responses to global issues engagements with different institutional contexts negotiating public space the transition to adulthood drinking cultures the author explores these issues through blending together original empirical research theory and policy individual chapters are supported by key themes project ideas and suggested further reading details of key authors journals and research centres and organisations are also included at the end of the book this textbook will be pertinent for undergraduate and postgraduate students and academic researchers interested in better understanding the relationships between young people places and identities

this book examines the intersections between children education and geography with a particular focus on children's geographies and geographies of education the book draws upon cutting edge research to consider how geographical education can be enhanced through increased engagement with these fields the book is underpinned by the position that the lives of children and young people are inherently geographical as are educational institutions systems and processes the volume explores the ways in which the diverse relationships between children education and geography can enrich research and work with and for children and young people chapters in this book consider how injustices are reproduced through education chapters also explore how insights generated by thinking in and across geography and education can be used to support and empower young people in both formal education and in their everyday lives ultimately this book is written for children and young people not as the readership but as people often marginalised in decision making at a variety of scales in education and who we contend should be at the heart of all

educational thinking the book is of value to undergraduate and post graduate students interested in geography education and children's geographies as well as teachers of geography both new and experienced

an informed and critical account of every aspect of contemporary education in Scotland it is essential reading for student teachers professionals in every education sector in Scotland research students and anyone with an interest in the Scottish education system

human geography gets general readers to think geographically across scale and across a wide range of geographical phenomena and global issues all concepts and themes are touched on with the historical background one would expect but also with current examples to make the reading more relevant the content is written in such a way that it is approachable and appealing it includes all of the important themes in a succinct and engaging narrative style that can easily be understood from the field boxes and opening vignettes help anyone who has not personally traveled much of the world general readers will also find the latest data as they build their understanding of important concepts

this volume focuses on critical issues pertaining to involuntary resettlement that affects millions of people around the world every year it examines emerging resettlement policy initiatives and the current approaches and practices to address problems of rebuilding the lives of people displaced by developmental projects

India's ageing population is growing rapidly this book examines living arrangements across India and their impact on the provision of care for older adults in India

includes the proceedings of the Royal Geographical Society formerly published separately

the People Place and Space reader brings together the writings of scholars designers and activists from a variety of fields to make sense of the makings and meanings of the world we inhabit they help us to understand the relationships between people and the environment at all scales and to consider the active roles individuals groups and social structures play in creating the environments in which people live work and play these readings highlight the ways in which space and place are produced through large and small scale social political and economic practices and offer new ways to think about how people engage the environment in multiple and diverse ways providing an essential resource for students of urban studies geography sociology and many other areas this book brings together important but till now widely dispersed writings across many inter related disciplines introductions from the editors precede each section introducing the texts demonstrating their significance and outlining the key issues surrounding the topic a companion website peopleplacespace.org extends the work even further by providing an on going series of additional reading lists that cover issues ranging from food security to foreclosure psychiatric spaces to the environments of predator animals

an innovative introduction to human geography exploring different ways of studying the relationships between people and place and putting people at the centre of human geography the book covers behavioural humanistic and cultural traditions showing how these can lead to a nuanced understanding of how we relate to our surroundings on a day to day basis while taking the importance of these different approaches seriously as ways of thinking about the role of place in peoples everyday lives the book also tries to encapsulate what has been so vibrant and exciting about human geography over the last couple of decades by using examples to which students can relate such as how they imagine and represent their home the way they avoid certain spaces how they move through retail spaces where they choose to go to university how they use the internet how they represent other nations and so on the authors show how geography shapes everyday life in a manner that is seemingly mundane yet profoundly important
