this book which i am pleased to preface is divided into two parts of great relevance to contemporary feminist studies especially to the peripheral countries of the capitalist world in it lie essays that i divide into two categories on the one hand we have articles that address structural issues involving human rights and in particular women s rights these are the texts that discuss the way in which the subject of human rights in the contexts of the regional economic communities are inserted there are also the texts that address the bankruptcy of the patriarchal political system regarding the political representation of women in countries like india and brazil and the chapter in which the authors reflect on the need for an international feminist normative that breaks with the predominantly male discourse in international law which disregards feminist proposals for normalization the other part of the book covers varied subjects that connect with the feminist agenda and gender studies as well as contemporary identity processes these are studies on the reproductive rights of women sexual and domestic violence against

women environmental degradation and its relation to the patriarchal model to the detriment of traditional cultures the immigration of women for marriage as a conscious choice mental health and its relation to gender issues chapters 1 regional economic communities in human and women s rights protection 2 women reproductive rights a reflection about international protection of human rights 3 women and mental health a study on adolescence and gender in brazil 4 a program to combat harassment against women consideration for implementation at the university 5 domestic and family violence against women in brazil is there light at the end of the tunnel 6 environmental patriarchy and indigenous women from invisibility to resistance 7 marriage emigration of women from russia 8 reservations intersectionality and women s representation in indian politics 9 fighting against gender inequality in parliament challenges and perspectives from the brazilian case 10 building up an international feminist law

the second edition of historical dictionary of human rights explores both the theory and the practice of international human rights with a focus on the norms and institutions that make up the architecture of the global human rights regime and the tools processes and procedures through which such norms are realized and enforced particular attention is given to the contextual political and sociological factors that shape and constrain the operation and functioning of international human rights institutions and their state and non state actors this is done through a chronology an introduction and an extensive bibliography the dictionary section has more than 1 000 cross referenced entries on terminology conventions treaties intergovernmental organizations in the united nations and non governmental organizations as well as some of the pioneers and defenders this book is an excellent resource for students researchers and anyone wanting to know more about human rights

this is a new edition of this popular introduction to the politics of human rights tony evans argues that the state s central role in protecting and promoting rights has been severely weakened under globalization and that as a consequence human rights are becoming less attainable as the value of the market grows the value of individual human rights decreases the author departs from traditional interpretations of human rights by focusing on the political economy of human rights rather than on the philosophical or legal aspects he analyses how issues related to globalization such as

the environment population movement patterns and free trade impact on individual human rights in conclusion he argues that the universal declaration on human rights and other major treaties must be renegotiated to take globalization into account

showing how the protection mechanisms of international human rights law are invoked in domestic litigation this handy supplement to constitutional law coursebooks covers privacy the family civil rights equal protection and other constitutional issues

ingram philosophy loyola university brings a variety of current social dilemmas together in a mutually illuminating way he examines the concept of legal equality in a multiracial society by considering issues such as self governance for native americans the rights of immigrants affirmative action and racial redistricting tie also tackles the problem of social injustice in a global setting by assessing the negative impact of free trade policies on the rights of groups to self determination and cultural integrity

much has changed in warfare in recent years with america now dominant on the international scene and terrorism the new enemy in light of these changes the need for moral grounding in military actions is a more pressing concern than ever when it was originally published moral issues in military decision making reflected the concerns posed by nuclear stalemate and the lessons of vietnam in that highly praised work anthony hartle outlined the essential elements of the professional military ethic created for american military forces in this new edition he reexamines the moral foundations for america s military leadership in the post 9 11 era considering world affairs since the first edition the gulf war bosnia afghanistan iraq 9 11 and the emergence of the united states as an unrivaled military power hartle explains how these events have raised ethical issues that differ dramatically from those of the cold war by the war on terrorism homeland defense asymmetric warfare the proliferation of american military interventions and the un s role in peacekeeping operations using meticulously analyzed case studies twice as many as in the first edition he considers such moral dilemmas as torture challenging superior officers use of overwhelming force and responding to fire in the presence of civilian shields in this revision hartle examines further the status of professional military ethics in light of current affairs changes in the articulation of military values and recent research in a new chapter on human rights he relates moral

principles directly to values embedded in the constitution and argues that overwhelming american military power cannot succeed unless it is accompanied by the moral force of the values it seeks to protect difficulties of applying conventional laws of war and human rights doctrine in military operations hartle convincingly shows that national security is as much about the preservation of moral principles as it is about the protection of america s citizens and borders his book demonstrates that the american military must continue to observe those principles in order to be effective in its primary mission

a thoroughly revised updated and newly illustrated version of the gaddis smith called the best book on the totality of the carter presidency the new edition includes more on the former president s foreign and environmental policies and expands coverage of the personal carter as well as his wife rosalyn s activist role during his administration

same sex partnerships pregnancy through in vitro fertilization ending one s own life in dignity all are deemed inherently wrong by the standards of natural law ethics but for many people they represent legitimate life choices that are morally right now a leading feminist critic of the natural law tradition explores the ongoing confrontation between natural law and moral rights to argue that rights constitute a more solid grounding for ethics in human affairs and for feminist thought in this volume christine pierce s important essays including the celebrated natural law language and women expand reflect and refine this central controversy reaching back to aristotle and aquinas and drawing on modern papal encyclicals and supreme court cases pierce demonstrates that the natural law tradition with its doctrine of a supposed hierarchy of natural purpose has served to mystify women s nature and thereby justify restricting women to a predetermined social stratum addressing issues that concern not only feminism but legal theory as well she defends her views on equality and universalization against a growing postmodern critique and presents rights theory as an alternative to an ethics of responsibility based on aristotelian notions of friendship and trust through tightly constructed arguments presented in engaging prose pierce conveys her deep knowledge of legal philosophy and her passion for rights as she takes on such issues as aids gay marriage animal liberation and feminist separatism she combats the prevailing view of plato as sexist and explores sartre s views of holes and slime she

also examines the work of contemporary authors in ecology biology sociobiology and religion to reveal their reliance on nature for ethical conclusions and she criticizes recent efforts to root a feminist natural law in thomism with natural law concepts now in fashion with many conservatives and even some supreme court justices pierce s essays offer a necessary perspective on where current legal and ethical thinking is headed immovable laws irresistible rights is invigorating reading for all scholars students and interested readers who seek a better understanding of these arguments and the issues affected by them

in a lively and accessible way re orient describes the major issues facing societies in asia towards the end of the twentieth century and uses contemporary asian societies as an exercise in thinking about societies in general

global feminisms since 1945 is an innovative historical introduction to the issues of contemporary feminism with a truly global perspective it is a concise anthology considering the similarities and differences between feminisms in west and east north and south and highlighting class racial ethnic and imperial tensions and claims in the twentieth century the book analyses the roots development and in some cases the conclusions of feminisms and how they have interacted from the european and american feminist movements to those in the ex soviet union and women s rights groups in africa and east asia global feminisms since 1945 examines the key economic technological sexual reproductive ecological and political debates
