contains genealogical information on the scholfield family

whilst the early modern period has long been recognized as witnessing a growth in trade and consumerism the majority of

studies to date have tended to focus upon london and southern england in order to provide a more balanced understanding of the dynamics at work on a national level this book explores the local economy and waterborne trades of newcastle and the river tyne in north east england drawing upon a variety of primary sources including parish records probate inventories newcastle exchequer port books and the previously unpublished diary of an apprentice hostman none of which have been examined previously in this context the study adds significantly to our understanding of the growing community in north east england in particular it underlines the expansion of a thriving middling class with an associated culture of consumption driving a rapid increase in the import and often re export of a wide range of luxury items of food clothing and soft furnishings as the coal trade and a flourishing general trade with london and other home and overseas ports grew the book highlights the major impact upon the size and variety of work in the port and the subsequent increasing size and complexity of the water trades community and its associated business networks

this book provides much fascinating detail on what the keelmen did transporting coal from the upper river to ships at the river s mouth and on how they acquired their reputation for roughness and independence

fresh as the breezes of that ocean to which they owe their inspiration the chanties and songs here collected come to us as a most interesting and unique contribution to our literature of the sea for this volume contains no mere study compilation of more or less authentic sea ditties mingled with the nautical effusions of landsmen it is original in its conception and execution with one or two trifling exceptions it is a collection of what may be styled the genuine article not the creation of landsmen written for or about sailors but the actual working songs of the sea that were in use at the present time still further this book contains not merely the ditties of our own jack tars but a selection of the sea songs of nearly all maritime nations translated and ably commented on from a literary musical and nautical point of view together with a good deal of interesting information regarding them introductory note

this volume charts the ten fold expansion of the industry between 1700 and 1830 and is based throughout on an extensive scrutiny of colliery records
