this second book by david esling is a worthy companion for its predecessor a flowing through we read again the narrative of a teacher s creative approaches for teaching and learning within a primary school in a socially disadvantaged suburb of hobart tasmania towards the end of his career a flowing through too discusses a series of artistic explorations that flow from simple staring points pass by milestones and finish with polished achievements the inspirational stories of his explorations with the children by his side will captivate the hearts and minds of student teachers teachers of teachers and all those who love to work alongside children the text of each explorative journey is accompanied by the teacher s photographs and include relevant and interesting conversations between the participants together they bring the stories back to life and invite the reader to sit alongside and participate in the explorations the children s art mainly drawing was often outstanding but the journey rather than the destination carried the greater significance their emerging skills as observers and the developing expertise in their interpretations of what they could see were remarkable however david used art as a means of reaching out to children many of whom had no wish to attend school their shared successes brought about a dramatic rise in the children s self esteem a more positive attitude towards learning and improving the relationships with each other school became an exciting place as the teacher and the children together played the active roles of teachers and learners they were learning how to learn

step by step tutorial to build three projects including a demonstration a simulation and a random scorm compliant quiz featuring all possible question slides enhance your projects by adding interactivity animations sound and more publish your project in a wide variety of formats enabling virtually any desktop and mobile devices to play your e learning content deploy your e learning content on a scorm or aicc compliant lms learn by doing each concept is immediately explained with a meaningful exercise

the sights in our solar system are dynamic reminders of our planet s position as part of a larger neighbourhood study the ever changing face of the moon watch the steady march of

the planets against the stars witness the thrill of a meteor shower or the memory of a once in a generation comet
