california continues to be ravaged by devastating wildfires lauren tarshis s heart pounding story tells of two children who battle the terrifying flames and despite the destruction find hope in the ashes the people of northern california were used to living with the threat of wildfires but nothing could have prepared them for the devastating 2018 fire season the deadliest in 100 years and the most destructive in history in the 20th i survived book readers join eleven year old josh as he leaves his new jersey home for the rural northern california town where his cousins live still reeling from the life changing challenges that propelled him and his mother across the country josh struggles to adapt to a more rustic down to earth lifestyle that couldn t be more different from the one he is used to josh and his cousin bond over tacos and reptiles and jokes but on a trip into the nearby forest they suddenly find themselves in the path of a fast moving firestorm a super heated monster that will soon lay waste to millions of acres of wilderness and possibly their town josh needs to confront the family issues burning him up inside but first he ll have to survive the flames blazing all around him

this book offers an innovative take on the study of chinese academic history approaching the subject from the perspective of broader social and cultural developments one that is not only comprehensive and inclusive but also sheds new light on the subject the book investigates the main academic developments of the han dynasty such as the formation of new confucianism and the new daoism of han the establishment of history studies advances in astronomy and geography breakthroughs in agronomy and hydraulics and the achievements in traditional chinese medicine it also explores the cultural and political backgrounds the main influencing factors and the main features of academic developments especially academic carriers and chinese hermeneutics it provides a new paradigm for academic history studies and includes many new theories e g the reconstruction of the pre qin academics by the han scholars this book offers a unique resource for all those who want to learn about and understand chinese

history and culture especially the academic history of the han dynasty

this book discusses the early modern engagement with books that survived intentional or accidental fire in lutheran germany from the 1620s until the middle of the eighteenth century unburnt books became an attraction for princes publishers clergymen and some laymen to cope with an event that seemed counter intuitive and possibly supernatural contemporaries preserved these books narrated their survival and discussed their significance this book demonstrates how early modern europeans no longer bound to traditional medieval religion yet not accustomed to modern scientific ways of thinking engaged with a natural phenomenon that was not uncommon and yet seemed to defy common sense

this volume examines the history of natural disasters in the united states and the nation s ongoing struggles with long term disaster preparedness and response it explores the political economic and cultural factors that have shaped the country s vulnerability it highlights why despite its vast resources the united states has remained one of the most resistant actors in recognizing and mitigating disaster risk bringing together contributions from a variety of fields this book analyzes the role of political institutions media narratives and cultural perceptions in shaping disaster policy it examines key historical events to identify patterns of governance failure and missed opportunities to build resilience ultimately this volume provides crucial insights into the historical baggage that the united states brings to multilateral climate negotiations helping to explain its often frustrating role on the international stage this book is essential reading for students researchers and scholars in the social sciences humanities and environmental studies as well as policymakers and practitioners seeking a deeper understanding of the challenges and shortcomings of u s disaster mitigation policy chapter becoming green resilient and green building as risk mitigation in atlanta georgia is available open access under a creative commons attribution 4 0 international license via link [springer.com](http://springer.com)

by focusing on the children s book business of the long eighteenth century this book argues that the thinking knowing children of the enlightenment are models for the technologically connected socially conscious children of the twenty first the increasingly

obsolete images of romantic innocent and ignorant children are bracketed between the two periods

plain and simple until our english learners have equitable access to the curriculum they ll continue to struggle with subject area content and if you re relying on add on s to fit in from your language arts basal or a supplementary program mary soto david freeman and yvonne freeman are here to equip you with much more effective efficient and engaging strategies for helping your english learners read and write at grade level one assurance right from the start mary david and yvonne are not suggesting you reinvent your curriculum instead equitable access for english learners grades k 6 focuses on how to fortify foundational practices already in place first you ll learn more about the equitable access approach then it s time to dive into the book s four units of study drawing on each unit s many strategies you ll discover how to apply them to any unit in your own language arts curriculum and start differentiating how to draft and implement language objectives to help english learners meet academic content standards how to make instructional input comprehensible including translanguaging strategies that draw on your students first languages when you don t know how to speak them how to utilize the characteristics of text to support readers along with a rubric for determining a text s cultural relevance how to build students academic content knowledge and develop academic language proficiency each unit addresses a commonly taught topic in today s language arts programs and comes with ready to go review and preview activities key strategies grade level adaptations reflection exercises and printable online resources taken as a whole they constitute an all new approach for providing that equitable and excellent access our english learners so rightfully deserve when you adopt our equitable access approach your students will not only thrive they ll also find your language arts curriculum much more meaningful and engaging mary soto david e freeman and yvonne s freeman

this book will prove a valuable resource for parents teachers and librarians on the vital topic of reading aloud library journal starred review parents and teachers know that reading aloud to children is important and many parents of infants and toddlers read aloud to them daily however when children start to read on their own parents often stop reading aloud but these early elementary school years are actually a perfect time to build vocabulary and comprehension skills through reading aloud and active

reading raising an active reader makes clear the process of learning to read how active reading fits into raising strong readers and what adults can do to encourage strong language comprehension and vocabulary in children in grades k 3 this book extends on the abcs of active reading ask questions build vocabulary and make connections as they apply to older children for picture books chapter books and novels it provides parents and teachers with examples clear explanations and ideas for making one on one or small group read aloud sessions a powerful way to build children s early literacy and language skills all while creating a lifelong love of reading
