the importance of good nutrition for individual health and well being is widely recognized yet for a significant number of people who rely on institutions for food and nutrition this importance has not always been a primary consideration people therefore may find themselves consuming food they would not ordinarily choose to eat with in some cases restricted choices precluding individual preferences and compromising health in recent years there have been major advances in the quality of catering in some areas particularly schools other institutions which have not been thrust into the media spotlight have fared less well in terms of policy drive and

commitment this insightful new book looks in detail at five institutions schools hospitals care homes for the elderly prisons and the armed forces as well as providing a fascinating history of the provision of food in each institution each section considers current policy and standards and their implementation adequacy of food provided with regard to the health status and dietary requirements of the people in the care of each institution efficiency of catering organization and issues relating to contract tendering expenditure and procurement a broad spectrum of further relevant issues is also covered including the meaning of food to those in institutions and determinants of choice

the provision of safe food to airline passengers is now a multi billion dollar industry worldwide as the aviation industry continues to grow year on year so do passenger food service expectations with increasing demand for wider choice and greater quality often neglected and under regulated food safety should be of paramount importance amid this growth in this much needed book Erica Sheward makes a compelling case for better management of food safety for all aspects of the aircraft food supply chain

significant improvements have been made in HM Prison Service's catering arrangements resulting in financial savings and improved quality of service since 2003/04 savings of some 2.5 million have been made each year from expenditure on food and some 1.7 million a year on catering staff mainly through civilianisation of catering staff posts other savings have arisen from more efficient procurement and reduced stockholdings of food in addition most prisoners are offered full and varied programmes of physical education activities

this book provides an introduction to food policy in the United Kingdom examining policy development implementation influences and current issues the book begins by providing a wide ranging introduction to food policy in the UK situating it within wider global debates and establishing key drivers such as issues related to global citizenship trade and finance the use of food control as a policy lever is also discussed and contrasted with alternative approaches based on behaviour change the book presents an overview of the history of UK food policy from which there is much to be learned before moving onto current challenges posed by political instability both at home and abroad global pandemics and cost of living crises foremost is the need to manage public health including both malnutrition and obesity while promoting sustainable and healthy diets as well as the broader issues around addressing food security and food poverty the book also examines public sector food initiatives such as school food and early childhood provisions and food regulation as a part of food regulation chapters examine food scares and food fraud from chalk in flour to horsegate the role of media marketing and advertising is also considered within a policy perspective taking a wider lens the book also discusses the impact of global food trade and the financialisation of food on food policy in the UK and vice versa the book is supported by instructor resources on the Routledge website designed to support student learning as well as provide regular updates on UK food policy developments the resources include student activities group exercises and links to further reading and additional resources this book serves as a key introduction to UK food and agricultural policy for students scholars policymakers and professionals as well as those interested in food systems public health and social policy more widely
