elite discourse examines how language and communication or just discourse define mediate and legitimize class privilege it does so from the perspective of those people and places who often stand to gain most from inequality collectively chapters consider language and communication that is elitist in its appeal to distinction excellence and superiority they also describe the ways in which various groups and institutions lay claim to eliteness as a way to position themselves or to be positioned by others as elite or non elite as such chapters are concerned as much with discourse about elite status as they are with the discourse of elites those groups

commonly defined by their material wealth political control or demographic rarity ultimately elite discourse views elite as something we do rather than something we necessarily have or are indeed elite status and eliteness point us to the rhetorical strategies by which many people differentiate themselves and by which they access symbolic material resources for shoring up their status privilege and power this book was originally published as a special issue of social semiotics

this book presents a systematic analysis of the notion of control in the law of military occupation the work demonstrates that in present day occupations control as such occurs in different forms and variations the polymorphic features of occupation can be seen in the way states establish control over territory either directly or indirectly and in the manner in which they retain relinquish or regain it the question as to what level and type of control is needed to determine the existence and ending of military occupation is explored in great detail in light of various international humanitarian law instruments the book provides an anatomy of the required tests of control in determining the existence of military occupation based on the law it also discusses control in relation to occupation by proxy and when and how the end of control over territory occurs so that military occupation is considered terminated the study is informed by relevant international jurisprudence it draws on numerous pertinent case studies from all over the world various reports by different un entities and other international organisations as well as legal doctrine the book will be a valuable resource for academics researchers and practitioners working in the fields of international humanitarian law international public law and security studies

the israel yearbook on human rights an annual published under the auspices of the faculty of law of tel aviv university since 1971 is devoted to publishing studies by distinguished scholars in israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the state of israel and the jewish people the yearbook also incorporates documentary materials relating to israel and the administered areas which are not otherwise available in english including summaries of judicial decisions compilations of legislative enactments and military proclamations

this collection is dedicated to the diagnostic moment and its unrivaled influence on encompassment and exclusion in health care diagnosis is seen as both an expression and a vehicle of biomedical hegemony yet it is also a necessary and speculative tool for the identification of and response to suffering in any healing system social scientific studies of medicalization and the production of

medical knowledge have revealed tremendous controversy within and factitiousness at the outer parameters of diagnosable conditions yet the ethnographically rich and theoretically complex history of such studies has not yet congealed into a coherent structural critique of the process and broader implications of diagnosis this volume meets that challenge directing attention to three distinctive realms of diagnostic conflict in the role of diagnosis to grant access to care in processes of medicalization and resistance and in the transforming and transformative position of diagnosis for 21st century global health smith morris s framework repositions diagnosis as central to critical global health inquiry the collected authors question specific diagnoses e g lyme disease parkinson s andropause psychosis as well as the structural and epistemological factors behind a disease s naming and experience
