africa is home to some of the poorest and vulnerable populations in the world the ten poorest countries in the world are in africa sub saharan africa is the region with the highest incidence and greatest depth of poverty in the world fewer than one in five adults in africa has access to the services of a formal or semi formal financial institution microfinance in africa is growing though a broad range of diverse institutions offer financial services to the poor and low income clients in africa these include non governmental organizations non banking financial institutions cooperatives credit unions

rural banks rotating savings and credit associations roscas postal financial institutions and an increasing number of commercial banks increasingly technology is being used to expand microfinance outreach mobile phone banking is one such example this book provides an overview of the microfinance sector in africa reviews the performance and impact of microfinance institutions in the region and outlines some of the opportunities and challenges that african microfinance has on hand

this synthesis report provides an overview of where africa as a region stands in terms of transitioning to an inclusive green economy it draws on recent studies to summarise the prospective gains and challenges associated with investing in a green economy and outlines a way forward to prioritise policy reforms with a specific section on how to turn strategies and practices challenges into opportunities collectively this report highlights how a transition to a green economy may be achieved within a range of country conditions publisher s description

empowering people reducing poverty improving livelihoods and promoting economic growth while at the ensuring sustainable ecosystems requires local appropriate and widely replicable solutions in the search for these poor sanitation and poor water supply are major drivers in cycles of disease poverty and powerlessness which avoid people in developing nations to escape poverty sustainable water supply is not only a matter of groundwater and sanitation technical solutions but as much implies tackling major issues concerning hydro social and public health components the african continent has lagged behind other regions in achieving the millennium development goals mdg in water supply and sanitation and continues to be a much neglected water resource this volume disseminates investigations and pointers towards achieving sustainable groundwater supplies in challenging local community environments across the african continent the first part presents the search integrated water sanitation hygiene delivery and best implementation practice the second part through a variety of case studies illustrates the current status and pitfalls that hydrogeologists experience and highlights the relevant challenges that especially sub saharan africa still faces in this battle the chapters present the current situation best practices challenges identified and directions developed by the authors in their advancement towards comprehensive solutions for anyone involved with the development of water supply and sanitation in developing countries

the fifth of the series aria v has come at a time of renewed enthusiasm for shortening the period of the vision of the abuja treaty its overall objective is to provide an analytical research publication that defines frameworks for african governments the african union and the regional economic communities towards accelerating the establishment of the african common market through the speedy removal of all tariff and non tariff barriers obstacles to free movement of people investments and factors of production in general across africa and through fast tracking the creation of an african continental free trade area

the author claims the disease has generally been considered too private biological behavioral and cultural to attract much attention from political scientists and she sets out to change that she systematically analyzes how the state democratic transitions civil society and donors influence aids policy making her conclusion is that uncertainty and unevenness in these four aspects has caused the aids fight to be insufficiently institutionalized into african politics

for millions of africans growth is yet to translate into jobs and better living conditions africa s largely commodity driven growth has not been matched by the much needed structural change that can lead to economic transformation employment and reduced poverty market failures necessitate industrial policy interventions yet in the absence of the right processes and institutions good industrial policies will fail indeed weak institutions and poor policy design have hindered industrial policy this report gives a framework for getting the policy process right to foster industrialization it uses 11 country case studies to assess the critical ingredients for spurring industrialization innovative institutions effective processes and flexible mechanisms and structural transformation

analyses a selection of decent work indicators and presents an inventory of the indicators collected highlights issues of comparison between countries and suggests ideas to harmonize the decent work indicators in africa

this publication examines progress towards regional integration in africa defined as one of the anchoring ideals of african unity and the basis for the new partnership for africa s development nepad development framework the report analyses the current state of the integration process highlighting where efforts have succeeded or failed findings include that progress has been mixed across sectors regional economic communities and member states with some notable progress in trade communications transport and macroeconomic policy overall however substantial gaps remain between goals and achievements of most regional economic communities particularly in terms of internal african trade macroeconomic policy convergence production and physical connectivity a summary report is also available isbn 9211250927
