unbiblical assumptions gifford brings clarity where secular therapy has created confusion and offers hope even for those struggling with the hard cases through deep research biblical teaching and the inspiring stories of real counselees he shows why we can't blame the past or even a diagnosis for our bad behavior and why our society's growing unhappiness is not primarily a medical issue with a foreword by todd friel of wretched radio this book is a must read for counselors and counselees alike you can read all the mental health research in the world but you still won't learn god's answers for winning the battles in your mind lies my therapist told me is a powerful cutting edge argument that the supernatural wisdom of the bible is truly enough for every need
