the contributions gathered in this volume show how digital technologies can be applied to medieval studies philology art and history in order to improve our understanding of medieval societies and cultures

il libro ripercorre le vicende dell'opera di venanzo crocetti ad aprilìa unica testimonianza sopravvissuta alla distruzione della città durante la seconda guerra mondiale

chi soffre di sclerosi multipla non combatte solo una lunga ed estenuante battaglia contro la malattia con tutto il portato di dolore disabilità fatica e paura che essa comporta combatte anche contro lo stigma dell'invisibilità perché le piccole grandi sfide di tutti i giorni possono sembrare ancora più grandi quando agli occhi degli altri il paziente appare perfettamente sano e perciò ancora più isolato e confinato nel suo dolore per fortuna ci sono associazioni medici e pazienti che lottano con tutte le loro forze per abbattere questo muro di indifferenza e semplicemente raccontarsi perché insieme a volte è più facile vincere È il senso di questo libro scritto a quattro mani da un neurologo di fama il professor martinelli boneschi che alla sclerosi multipla ha dedicato la sua vita professionale e da un paziente danilo bazzano che la malattia la sperimenta sulla sua pelle e la condivide con ironia e leggerezza sulle sue pagine social il risultato è un mosaico di racconti di vite vissute di piccole e grandi conquiste tutti si raccontano l'insegnante e l'attrice la modella e lo scrittore giovani studenti e studentesse un ballerino rispondendo ad alcune domande volte a indagare le reazioni al momento della diagnosi le difficoltà quotidiane le abitudini alimentari sportive sociali le aspettative e i timori per l'avvenire i protagonisti di questa indagine raccontano come è cambiata la loro vita e in

che modo la malattia ha inciso sul loro benessere e soprattutto sul loro futuro

da sempre gli uomini combattono da sempre le guerre segnano la storia ma le guerre non sono sempre state la stessa cosa si sono trasformate e con esse le ragioni per le quali gli uomini combattono e conoscere la storia ci può aiutare a capire come possiamo fare la pace e renderla duratura la domanda perché la guerra è tornata prepotente gli storici hanno una risposta semplice le guerre sono sempre esistite e quindi sempre esisteranno ma anche le paci sono sempre esistite e quindi sempre esisteranno questo libro cerca una risposta nei fatti è in aumento il numero di conflitti armati e di vittime di guerra sì in cifra assoluta ma di poco no in rapporto al numero crescente di stati e di abitanti della terra le guerre sono cambiate È aumentato il numero di attori non statali come hamas e i separatisti filorussi del donbass in ucraina e le guerre si sono imbastardite solo raramente sono scontri campali tra eserciti più spesso si fa uso di missili droni attentati contro civili per questo ci fanno ancora più paura non cambia invece la sostanza le guerre sono frutto di decisioni politiche di uomini contro altri uomini non sono il prodotto ineluttabile di una natura umana malvagia siamo capaci di guerra e di pace dipende dalle circostanze c'è stato un periodo di pace sostanziale subito dopo la fine della guerra fredda grazie alle operazioni di peacekeeping condotte dai caschi blu dell'onu potremmo e dovremmo farlo anche oggi questa è la via maestra forse l'unica per un pacifismo che non voglia limitarsi alla salvezza farisaica della propria anima

negli ultimi sessanta anni il denaro ha via via assunto una sorta di vita autonoma rispetto a quella dell'uomo la specie che lo ha inventato e ne ha fatto il proprio mezzo principale questo libro vuole raccontare la vita di questo strumento e l'habitat umano che ha creato in altre parole una vera e propria ecologia del denaro la storia di come si è creata una massa di denaro libera di girare per il mondo di trovare rifugio in paradisi fiscali e di speculare su monete nazionali prezzi e tariffe non è la storia di una cospirazione è piuttosto la storia di compagnie e società private che abbandonano la strada degli investimenti produttivi in posti di lavoro per seguire quella più facile e immediata degli scambi di denaro con altro denaro È così che il potere della finanza globale è cresciuto su se stesso senza una politica capace di regolarlo il capitalismo finanziario genera ineguaglianza e smette di produrre innovazione e occupazione esiste una finanza buona che col microcredito aiuta i poveri della terra e con le rimesse degli emigrati riduce le distanze geografiche e sociali quel che manca è la politica

the fourth edition of the essential guide to italy's most beautiful city the time out guide to florence covers everything from machiavelli and the medici to tuscan buddhists and the florentine clubs scene contains critical reviews of hotels restaurants trattorias and cafes a complete rundown on entertainment bars and nightlife and extensive guides to the best surrounding tuscan towns and villages

international scholars and researchers present cutting edge contributions on the significance of vocabulary in current thinking on first and second language acquisition in the school and at home by pursuing common themes across first and second language

and bilingual contexts the editors offer a collection that tackles the most important issues
