this book offers the first comprehensive introduction to one of the most significant arab thinkers of the late 20th century and the early 21st century the moroccan philosopher and social theorist mohammed abed al jabri with his intellectual and political engagement al

jabri has influenced the development of a modern reading of the islamic tradition in the broad arab islamic world and has been in recent years subject to an increasing interest among muslims and non muslim scholars social activists and lay men the contributors to this volume read al jabri with reference to prominent past arab muslim scholars such as ibn rushd al ghazali al shatibi and ibn khaldun as well as contemporary arab philosophers like hassan hanafi abdellah laroui george tarabishi taha abderrahmane they engage with various aspects of his intellectual project and trace his influence in non arab islamic lands like indonesia as well his analysis of arab thought since the 1970s as a harbinger analysis of the ongoing arab spring uprising remains relevant for today s political challenges in the region

suspensions about the integration of islam into european cultures have been steadily on the rise and dramatically so since 9 11 one reason lies in the visibility of anti western islamic discourses of salafi origin which have monopolized the debate on the true islam not only among muslims but also in the eyes of the general population across europe these discourses combined with islamophobic discourses reinforce the so called incompatibility between the west and islam this book breaks away from this clash between islam and the west by arguing that european islam is possible it analyzes the contribution that european islam has made to the formation of an innovative islamic theology that is deeply ethicist and modern and it clarifies how this constructed european islamic theology is able to contribute to the various debates that are related to secular liberal democracies of western europe part i introduces four major projects that defend the idea of european islam from different disciplines and perspectives politics political theology jurisprudence and philosophy part ii uses the frameworks from three major philosophers and scholars to approach the idea of european islam in the context of secular liberal societies british scholar george hourani moroccan philosopher taha abderrahmane and the american philosopher john rawls the book shows that the ongoing efforts of european muslim thinkers to revisit the concept of citizenship and political community can be seen as a new kind of political theology in opposition to radical forms of islamic thinking in some muslim majority countries opening a new path for examining islamic thought in and of europe this book will appeal to students and scholars of islamic studies islam in the west and political theology

non sono molti i libri seri sull'islam che si possono trovare in libreria per questo al lettore non avvertito occorre segnalare con forza questo di Massimo Campanini è un'ottima introduzione non solo al testo sacro dei musulmani ma anche alla religione islamica stessa. Fabrizio Vecoli, *L'indice il Corano* è il libro sacro dell'islam anzi nella cultura islamica è per antonomasia il libro testo religioso spirituale e pratico a un tempo logos di Dio inimitabile per suo stesso assunto. Libro dai molti nomi e dai molteplici modi di lettura, mare profondo che non può essere esaurito, accostarsi a esso rappresenta per noi occidentali un'impresa irta di difficoltà. In queste pagine un percorso di conoscenza e comprensione del Corano, le vicende della composizione, la struttura, i temi portanti e soprattutto l'interpretazione indispensabile chiave d'accesso al messaggio divino.

Discussing this interaction from al-Andalus to the present, this handbook explores the influence Islam has had and continues to exert, particularly its impact on host societies, culture and politics, highlighting specific themes and topics. In history and culture chapters cover European paradigms, Muslims in the Americas, cultural interactions, Islamic cultural contributions to the Western world, Western contributions to Islam, providing a sound historical background from which a nuanced overview of Islam and Western society can be built. Il confronto/scontro tra Islam arabo e Occidente così importante e mai sopito per tanti secoli ha subito una notevole accelerazione dopo gli avvenimenti epocali dell'11 settembre 2001. Al lettore occidentale vengono proposte diverse interpretazioni di questa problematica, differenti a seconda del punto di vista dal quale vengono elaborate. L'intento di questo studio è mostrare come vi siano delle modalità canoniche e consolidate mediante le quali alcune importanti tematiche vengono rappresentate per decodificare gli schemi impliciti con cui filtriamo le nozioni di Islam di Occidente e di Oriente e del loro conflitto. Si è elaborata una

metodologia che ha consentito di selezionare sia le problematiche da esaminare stato e legittimazione del potere ideologia e religione islamismo e modernità sia gli studiosi presi in considerazione per l'impegno con cui hanno scritto di questi temi bernard lewis bertrand badie gilles kepel abdallah laroui hassan hanafi anouar abdel malek sayyid qutb un'analisi comparativa ci rende conto del modo in cui questi otto autori hanno affrontato quelle problematiche con l'ambizioso obiettivo di sollecitare uno sguardo critico sulle modalità e le categorie culturali implicite in cui i rapporti tra cultura islamica e occidentale vengono presentati
