to assess the current state of linguistic activity in all fields and all countries

many of the basic issues of political science have been addressed by pluralist theory which focuses on the competing interests of a democratic polity their organization and their influence on policy andrew mcfarland shows that this approach still provides a promising foundation for understanding the american political process

a magazine for designers of interactive products

economic development and urban growth are the contested grounds of urban politics business elites and politicians tend to forge pro growth coalitions centered around downtown development while progressive and neighborhood activists counter with a more balanced approach that features a strong neighborhood component urban politics is often shaped by this conflict which has intellectual as well as practical dimensions in some cities neighborhood interests have triumphed in others the pro growth agenda has prevailed in this illuminating comparative study barbara ferman demonstrates why neighborhood challenges to pro growth politics were much more successful in pittsburgh than they were in chicago operating largely in the civic arena pittsburgh s neighborhood groups encountered a political culture and institutional structure conducive to empowering neighborhood progressivism in housing and economic development policymaking in contrast the pro growth agenda in chicago was challenged in the electoral arena which was dominated by machine ward based politicians who regarded any independent neighborhood organizing as a threat consequently neighborhood demands for policymaking input were usually thwarted besides revealing why the development policies of two important american cities diverged ferman s unique comparative approach to this issue significantly expands the scope of urban analysis among other things it provides the first serious study to incorporate the civic sector neighborhood politics as an important component of urban regimes ferman also emphasizes institutional and cultural factors often ignored or relegated to residual roles in other studies and expounds on their influence in shaping local politics and policy to add an analytical and normative dimension to urban analysis she focuses on the non elite actors not just the economic and political elites who compose governing coalitions ultimately ferman takes a more holistic and balanced view of large cities than is typical for urban studies as she argues that neighborhoods are an important integral part of what cities are and can be for that reason especially her work will have a profound impact upon our understanding of urban politics

combining theoretical sophistication with a fundamental comprehension of the political institutions of the usa this study aims to demystify the workings of the united states supreme court and its place in democracy

the study of the effects of context defined here as a geographically bounded social unit on individuals is a new and rapidly developing field this unique volume

reviews this development both quantitatively and qualitatively examines how and why individual political behavior can be influenced by various contextual characteristics of the locality in which the individual resides and proposes a conceptual framework to guide future research a separate chapter is devoted to exploring methodological problems unique to this field of study this is the first study to integrate and synthesize the diverse existing research and to provide an overall approach to the field while the authors conclusions do not contradict the dominant views in the field they do challenge prevailing emphases and approaches stressing the importance of structural and global effects the utility of an information flow approach to contextual effects and new methodological strategies even readers without strong statistical backgrounds will find this volume both accessible and informative the volume first reviews the history of contextual studies defining contextual analysis and offering a taxonomy of contextual effects and then reviews relevant literature to integrate compare and assess the range of empirical work in the field chapter three constructs an overarching approach to the study of context based on the concept of information flow and is followed by a discussion of the methodological difficulties that have made the study of contextual effects a contentious one the increasingly important area of modeling contextual effects is reviewed next and directions for future research are suggested the final chapter looks at several understudied areas in contextual effects that could benefit from scholarly attention though scholarly this readable volume is aimed at a broad audience and will be of particular interest to those concerned with political behavior including political scientists sociologists urbanologists geographers and social psychologists

buddhadasa bhikkhu 1906 1993 is widely regarded as modern thailand s most influential buddhist philosopher his thought had a profound intellectual impact in thailand in the second half of the twentieth century his life mission was to undertake a complete reexamination of theravada buddhist teachings by returning to the buddha s original teachings in the suttapitaka and by drawing on aspects of zen buddhism buddhadasa crafted a vision of thai buddhism as a socially politically and intellectually progressive force this vision of a modern theravada buddhism fit for a modern democratic and socially just thailand continues to inspire large numbers of thai people in the twenty first century in this book peter jackson examines buddhadasa s life work and thought placing them in the context of the political economic and intellectual changes that transformed thailand in the twentieth century combining biographical studies with critical philosophical and sociological analyses of buddhadasa s reforms of thai buddhist teachings peter jackson emphasizes the path breaking and often radical ideas of one of the greatest buddhist thinkers of the last century this book is a revised and expanded edition of peter jackson s buddhadasa a buddhist thinker for the modern world published in 1988 it contains a new epilogue tracing the controversy surrounding buddhadasa s death in 1993 and reflecting on the philosopher monk s lasting legacy in thailand
