this study traces the political history of the ideas underlying third world calls for a new international economic order filling a significant gap in the literature the book shows that nieo ideology has a direct unbroken line of development extending back to world war ii when a new international economic order the bretton woods system was created dr murphy maintains that nieo ideology is not rooted only in third world acceptance of prebisch s views on trade rather it evolved from third world attempts to cope with problems and opportunities that emerged as the bretton woods system was created operated and began to break down by the 1970s the ideology had become a complex and coherent analysis of the economic position of third world states including a political analysis of how third world views could be made dominant many of dr murphy s conclusions challenge the conventional wisdom about the third world position of the nieo in addition his study offers insight into the relatively unexplored area of how changes in political and social consciousness affect international systems and provides grounds on which officials from both the south and the north can see the others views as less alien

this book explores the evolving political culture in indonesia by discussing the country s dominant political philosophies then showing how those philosophies affect the working lives of ordinary indonesian citizens it focuses in particular on the working lives of news journalists a group that occupies a strategic social and political position

during much of general soeharto s 32 year reign as president 1967 98 indonesia was seen as a successful test case in third world development a wayward pariah turned into a shining example of modern economic planning and democracy soeharto s new order government won awards

from the united states for the country s advances in family planning and the nation s massive development plans earned plaudits from the world bank and international financiers in reality behind the new order s benign facade lay an intricate web of nepotism and corruption along with a persistent wide ranging repression of civil liberties the full scope of which is now just beginning to become apparent indonesia in the soeharto years delves into many of the issues and incidents that shaped the nation from grim years of 1965 and 1966 up until the nation s first direct election of a president in 2004

much of the existing literature within the varieties of capitalism voc and comparative business systems fields of research is heavily focused on europe japan and the anglo saxon nations as a result the field has yet to produce a detailed empirical picture of the institutional structures of most asian nations and to explore to what extent existing theory applies to the asian context the oxford handbook of asian business systems aims to address this imbalance by exploring the shape and consequences of institutional variations across the political economies of different societies within asia drawing on the deep knowledge of 32 leading experts this book presents an empirical comparative institutional analysis of 13 major asian business systems between india and japan to aid comparison each country chapter follows the same consistent outline complementing the country chapters are eleven contributions examining major themes across the region in comparative perspective and linking the empirical picture to existing theory on these themes a further three chapters provide perspectives on the influence of history and institutional change the concluding chapters spell out the implications of all these chapters for scholars in the field and for business practitioners in asia the handbook is a major reference work for scholars researching the causes of success and failure in international business in asia
