there are 52 small island developing states sids in the world these boast of rich biodiversity landscapes including a large variety of endemic species and indigenous

knowledge that can make them the repository of our planetary ecosystem unep 2014 nevertheless the sids are identified as being one of the negatively impacted areas of climate change in the world with huge implications for biodiversity loss and survival there is a general consensus that greenhouse gas ghg emissions from small islands are negligible in comparison to global emissions but the effects of climate change are devastating as a consequence of the sea level rise associated with global warming nurse et al 2014 long term risks projected for small islands include increase in coastal flooding freshwater stress and risks across marine ecosystems other threats to the sids include more frequent strong winds and cyclones sea water intrusion into aquifers and freshwater scarcity kelman and west 2009 the apparent inability of these countries to adequately and effectively adapt to these impacts is the result of a combination of factors including their exposure sensitivity and vulnerability to shocks and the costly nature of adaptation measures robinson 2019 the report includes an introductory chapter and climate change and the importance of the afolu sectors in the second and third chapters respectively the fourth and fifth chapters discuss the challenges in agriculture and the needs and priorities for climate change adaptation and mitigation the adoption of csa for integrated climate action as well as barriers to adopting promising csa technologies practices are discussed in chapter 6 furthermore the capacity development needs required to address barriers to adoption of csa opportunities and drive sustainable and transformational results at scale are discussed lastly the forward looking chapter discusses knowledge gaps such as the insufficient capture of the fishery subsector in the country csa profiles given its contribution to food security and the countries economy and recommends priority areas to serve as entry points for csa investments

ambassador dr robin renee sanders new book on the rise of africas small medium size enterprises smes is an insightful examination of the dramatic shift in the development paradigm for sub saharan africa driven in large part by the imaginative innovative and insta impact leadership of the regions small businesses or smes smes have helped drive economic development growth and aided in increasing the size of the continents middle class sanders says with the introduction to the book by renown civil rights leader ambassador andrew young and the foreword by sub saharan africas leading businessman mr aliko dangote sanders book credits the determination of africa smes and entrepreneurs which includes african nationals immigrants and african americans for stepping into the void left by 40 years of post independence development approaches that had little impact on reducing overall poverty and creating jobs in the region africas dynamic entrepreneurial spirit of generation xers and millennials are and have formed smes and social enterprises that today are responsible for conceiving and inventing many of the new apps and answers to address the regions age old poverty

issues sanders emphasizes africa smes are not only a key driver for jobs but serve as an additional catalyst to grow the middle class sanders argues that it was the rise of the africa sme converging with technology and its mobility that has changed over the last decade the focus and direction of development in sub saharan africa the book has a few vignettes from sanders diplomatic life and work as ceo of the feeds advocacy initiative with africa smes over the years as well as regional examples of some of innovative things africa entrepreneurs are doing in sectors ranging from agriculture and food security to energy and climate change the book also walks readers through what donors foundations and african stock markets are doing today to help in the sme space sanders ends with recommendations of what more can be done by donors african governments and the new u s administration to further assist africa smes particularly the group she calls the critical mass and those at the fragile end of africas middle class

the book addresses the many problems with the west s current approach to development in africa showing how foreign aid and misguided investments have often prevented african countries from meeting their own needs and offers concrete suggestions for a viable program of electrification economic development and capacity building that will lead to climate friendly energy production kirkus reviews mr ayuk shows how the oil and gas industry can unleash economic development and prosperity across the continent the late opec secretary general mohammad barkindo in just a few short decades the many countries of our planet have become interconnected beyond our wildest imaginations and as our view of the world has expanded there has been a rise in the demand for cultures and political institutions around the world to think globally while thinking globally is often well meaning acting globally without consideration for local countries can unintentionally cause harmful results in a just transition renowned cameroonian author and entrepreneur nj ayuk reveals how this sobering reality is unfolding as the international energy agency s ambitious green energy iea policies have stifled and crippled the energy economies of africa when the iea set a hard requirement for countries around the world to embrace green energy sources the burgeoning energy economies of africa watched in horror as funding and business interest in their oil and gas energy projects evaporated with a natural abundance of oil and gas resources africa has the potential to be a global energy leader but this transformation cannot happen for african countries through green energy alone a just transition is an insightful exploration into the possibility of a bright future for african countries and the factors that stand in the way of its manifestation nj ayuk takes listeners on a detailed expert journey through the following topics the reality of energy poverty the value of natural gas in africa how foreign aid actually harms africa embracing new technology creating opportunities for women and much more with thoughtful governance a keen eye for opportunity and the due consideration of the countries affected by a sweeping legislation it is possible for

countries in africa to make a transition to renewable energy that is not only just but prosperous for all involved

this handbook provides critical analyses of the theory and practices of small arms proliferation and its impact on conflicts and organized violence in africa it examines the terrains institutions factors and actors that drive armed conflict and arms proliferation and further explores the nature scope and dynamics of conflicts across the continent as well as the extent to which these conflicts are exacerbated by the proliferation of small arms the volume features rich analyses by contributors who are acquainted with and widely experienced in the formal and informal structures of arms proliferation and control and their repercussions on violence instability and insecurity across africa the chapters dissect the challenges of small arms and light weapons in africa with a view to understanding roots causes and drivers and generating a fresh body of analyses that adds value to the existing conversation on conflict management and peacebuilding in africa with contributions from scholars development practitioners defence and security professionals and civil society activists the handbook seeks to serve as a reference for students researchers and policy makers on small arms proliferation control and regulation defence and security practitioners and those involved in countering violence and managing conflicts in africa

based on an analysis carried out at the national level and at the local level case study of nyala city of four industrial branches blacksmiths tinsmiths metal workshops and carpentry

compilation of messages articles and model schemes to mark 1 the 10th anniversary of the un economic commission for africa and 2 the exhibition organised in addis ababa on the occasion thereof of methodology of developing small scale industry refers to the particular needs of countries of africa south of sahara includes articles on entrepreneurship relevant training programmes etc and covers the role of ilo in such development festschrift uneca 10th anniversary

dominicans have been in sub sahara africa since the fifteenth century today the order has communities in a dozen african countries the story is recounted here by many voices the majority from africa itself while the rest have long associations with that continent in this book only the dominican friars are taken into account the nuns and apostolic sisters are mentioned in passing no doubt another book will be necessary to tell the full story
