this volume explores different models of regulating the use of restrictive practices in health care and disability settings the authors examine the legislation policies inspection enforcement and accreditation of the use of practices such as physical mechanical and chemical restraint they also explore the importance of factors such as organisational culture and staff training to the effective implementation of regulatory regimes in doing so the collection provides a solid evidence base for both the development and implementation of effective approaches to restrictive practices that focus on their reduction and ultimately their elimination across health care sectors divided into five parts the volume covers new ground in multiple respects first it addresses the use of restrictive practices across mental health disability and aged care settings creating opportunities for new insights and interdisciplinary

conversations across traditionally siloed sectors second it includes contributions from research academics clinicians regulators and mental health consumers offering a rich and comprehensive picture of existing regulatory regimes and options for designing and implementing regulatory approaches that address the failings of current systems finally it incorporates comparative perspectives from australia new zealand the netherlands germany and england the book is an invaluable resource for regulators policymakers lawyers clinicians consumer advocates and academics grappling with the use and regulation of restrictive practices in mental health disability and aged care contexts

this is the fourth volume stemming from the annual doctoral conferences organized by the gern the last edition of the summer school was held in september 2015 in paris the selected theme for this summer school was crime and order criminal justice experiences and desistance reflecting the variety of theoretical frameworks and methodologies covered by the current phd theses in the field of criminal justice and deviance as well as the fresh and new perspectives on subjective experiences of the criminal justice system and trajectories of desistance dissertation series gern research paper series vol 4 subject criminology

how does the netherlands compare with the other members of the european family this issue of the social and cultural report is devoted chiefly to answering that question from how long we can expect to live to how much television we watch from having the most part time jobs to the least number of detached houses the report portrays

dutch society and policy in a great variety of aspects including demography economy public administration public participation and public opinion health care social security education and leisure the international comparison is largely limited to members of the eu but sometimes includes other western countries as well quite a number of family resemblance s come to light the netherlands shares most of its trends and problems with other european welfare states yet some contemporary issues have taken on a distinctive profile in the netherlands and these have been given special attention in this report
