when noel harris aka handbrake harry saluted the judge after the fourth race at te rapa in july 2008 he became just the fifth new zealand jockey to join the exclusive 2000 winners club now after 40 years in the saddle and a ride that just keeps on

keeping on harry has decided to tell his story he first came to prominence back in the early 1970s when apprenticed to his legendary trainer father jock harris he gained a deal of notoriety amongst the unforgiving australian public early in his career for his ride on glengowan in the 1973 melbourne cup when he was labelled a certainty beaten since then however he has stamped his mark in new zealand australia and asia picking up some of the biggest prizes in racing he has won premierships in new zealand and singapore and scored memorable wins in races like the cox plate in australia and the auckland and wellington cups noel harris is the senior pro amongst the new zealand jockey colonies and his trademark down the outside rides continue to reap success on top of that he is one of the racing s great characters and in a career which now spans five decades this book promises to delight all followers of the sport of kings

the essential guide by one of america s leading doctors to how digital technology enables all of us to take charge of our health a trip to the doctor is almost a guarantee of misery you ll make an appointment months in advance you ll probably wait for several hours until you hear the doctor will see you now but only for fifteen minutes then you ll wait even longer for lab tests the results of which you ll likely never see unless they indicate further and more invasive tests most of which will probably prove unnecessary much like physicals themselves and your bill will be astronomical in the patient will see you now eric topol one of the nation s top physicians shows why medicine does not have to be that way instead you could use your smartphone to get rapid test results from one drop of blood monitor your vital signs both day and night and use an artificially intelligent algorithm to receive a diagnosis without having to see a doctor all at a small fraction of the cost imposed by our modern healthcare system the change is powered by what topol calls medicine s gutenbergs moment much as the printing press took learning out of the hands of a priestly class the mobile internet is doing the same for medicine giving us unprecedented control over our healthcare with smartphones in hand we are no longer beholden to an impersonal and paternalistic system in which doctor knows best medicine has been digitized topol argues now it will be democratized computers will replace physicians for many diagnostic tasks citizen science will give rise to citizen medicine and enormous data sets will give us new means to attack conditions

that have long been incurable massive open online medicine where diagnostics are done by facebook like comparisons of medical profiles will enable real time real world research on massive populations there s no doubt the path forward will be complicated the medical establishment will resist these changes and digitized medicine inevitably raises serious issues surrounding privacy nevertheless the result better cheaper and more human health care will be worth it provocative and engrossing the patient will see you now is essential reading for anyone who thinks they deserve better health care that is for all of us
