when preparing pre service teachers for their first classroom experience academics are faced with the challenge of helping students understand what it's really like to be a teacher teaching making a difference 5th edition is a practical text that brings the classroom to life for your students it contains all the theoretical foundations and is supported by digital resources to demonstrate real world applications this market leading text equips your students with all the tools activities and teaching plans they need with videos of real classes in action as well as interviews with graduates this resource prepares students for what to expect at the start of their teaching career the new fifth edition also addresses the changes in digital technology that the world has recently experienced and arms your students with the ict competencies they'll soon need to use in the classroom

a guide to teaching practice has long been a major standard text for all students of initial teacher training courses this

new edition has been thoroughly revised and updated to take account of the many changes that have taken place both within

this text is a companion to wienstein and mignano's elementary classroom management the book is a core text in classroom management courses for secondary majors and can be assigned with the elementary text for courses enrolling both elementary and secondary majors like its companion volume it combines what research has to say about effective classroom management with practical knowledge culled from real teachers at different grade levels and in different subject areas this is done by integrating into the research discussions case studies of four practising teachers the research discussions comprise approximately two thirds of most chapters and the case studies one third

an introduction to classroom management in elementary schools the text combines what research has to say about effective classroom management with knowledge culled from practice

lee canter presents strategies that address the complex issue of managing student behavior in the classroom

with this innovative book teachers and prospective teachers will gain the skills needed to create a positive classroom community it presents fundamental principles of classroom management and discipline along with ways to involve students in the creation of their learning environment the new third edition reflects a practical realistic view of teaching with the content being organized in a logical sequential order standards are used to guide the development of new teachers help inservice teachers improve their performance and assess both teacher preparation and teacher performance

classroom management a proactive approach is based on three basic principles classrooms should be learning communities many behaviors can be prevented and teacher interventions should promote positive change in classroom behavior this comprehensive text provides teachers with practical strategies in managing classroom behavior based on theories of human behavior discusses contemporary topics on diversity social skill instruction and positive behavior support and encourages teachers to reflect on their assumptions and look for causes and solutions when students misbehave book jacket title summary field provided by blackwell north america inc all rights reserved

classroom assessment embodies the notion that student evaluation is an integral part of teaching not something merely done after instruction to measure what students have learned the second edition of the book is designed to provide prospective and practicing teachers with 1 a concise presentation of assessment principles that clearly and specifically relate to instruction 2 current research and new directions in the field of assessment and 3 practical and realistic examples and suggestions the book's emphasis is on helping teachers understand the importance of establishing credible performance standards communicating these standards to students and providing feedback to students on their progress for those who need to use classroom assessment techniques

stressing the need to build caring supportive relationships with and among students this trusted text offers research based guidance on effective classroom management it addresses current concerns about student motivation and helps prospective and beginning teachers develop a philosophy of classroom management that focuses on building connections with students and creating safe caring classrooms the text profiles five master teachers grades k 1 3 4 and 5 in very different school settings as they create classrooms that are orderly and productive humane and caring the integration of the thinking and the actual management practices of five real elementary teachers into discussions of research based management principles prompts readers to connect theories with actual results further the text demonstrates how real teachers can adapt to any circumstances physical room constraints curriculum requirements challenging behaviors and still be successful

by integrating the thinking and the actual management practices of four real secondary teachers into discussions of research based management principles this introductory text helps readers connect theories with actual results further the text demonstrates how real teachers can adapt to any circumstance physical room constraints curriculum requirements challenging behaviors and still be successful

with its inclusive view of literacy creating literacy instruction for all studentsemphasizes methods that have been validated by research and practice while delivering the basics of all major aspects of reading and writing the fifth edition of this best selling book continues to be a comprehensive practical text that provides its readers with step by step guidance for teaching reading and writing written by distinguished author tom gunning this text features sample lessons for virtually every major literacy skill strategy and offers numerous reinforcement suggestions and generous listings of materials with its careful balance between the theory and the practice readers are always given the theories behind the methods encouraging them to choose adapt and construct their own approaches as they create a balanced program of literacy instruction special emphasis has been given to adapting instruction for english language learners struggling readers and writers and special needs students throughout the book unlike comparable texts the new edition stresses effective steps for closing the gap between achieving and struggling readers as mandated by the no child left behind legislation and reading first

the third volume in the series advances in research and teaching which aims to document advances in the understanding of topics and then to stimulate further work contents include planning and managing learning activities problem solving in maths school literacy and elementary art

fundamentals of special education what every teacher needs to knowgathers into one source the critical information needed to understand students with disabilities written to be concise yet complete it is an essential resource for educators because it provides the basic parameters of each disability area and defines the issues that impact current interventions and practices this new edition addresses the latest laws in special education such as the reauthorization of idea and nclb includes a new chapter on autism spectrum disorders and contains additional information on collaboration with families

and other service professionals

renowned for its clarity readability and organization this market leading educational psychology book continues to offer the best blend of current theory research and practice in a completely up to date new edition this book provides an organizational framework that readers can immediately grasp to help them understand complex and ever evolving theories the eighth edition reflects the field s continuing interest in constructivism and authentic learning as well as other areas of growing emphasis such as students with disabilities and inclusion other topics that have been added or received significant updating include self regulated learning brain development culturally relevant pedagogy and student autonomy includes free interactive companion cd rom featuring video clips of the author discussing important topics and instructive scenes from real classrooms links to useful websites that deepen awareness of issues pertinent to teaching activities that provide challenging problems and cases from which readers may gain further insight into the applications of theories covered for anyone interested in educational psychology

supervisory leadership emphasizes leadership practices and covers the concepts principles and skills needed to be a successful supervisor this new well researched and comprehensive text describes the supervisor s work with teachers as moving from a deficit model helping to a collegial cooperative mentoring approach it also provides helpful connections that describe and support the role of supervisors in school culture the authors provide a view of contemporary supervisory practice with particular attention given to the importance of past practices the workplace and culture leadership qualities communication models and supervision processes and the process of change and decision making written in a language that is easily understood supervisory leadership provides an interactive realistic and meaningful learning experience that offers continuous opportunities for students to reflect upon their own supervisory leadership development
