fully revised and updated Australian commercial law is indispensable for students seeking a comprehensive understanding of commercial law

although the 1980 united nations convention on contracts for the international sale of goods cisc is one of the most successful international conventions to date it remains the case that those involved in the international sale of goods must refer to a multitude of laws indeed the cisc itself does not cover all issues relating to international sales contracts so it must necessarily be supplemented by domestic law global sales and contract law provides a truly comparative analysis of domestic laws in over sixty countries so as to deliver a global view of domestic and international sales law the book reports on the real practice of sales law taking into account present day problems complex questions on the obligations under a sales contract the ways in which these are established as well as the remedies following the breach of obligations are all discussed by addressing regional uniform projects like ohada and comparing differences in domestic legal approach where the cisc would not apply the work goes beyond existing commentaries which tend to focus only on the cisc the analysis has been based on an unprecedented survey drawn from the world s top fifty companies as well as international traders lawyers advising international traders arbitral institutions arbitrators and law schools this work encompasses all aspects of a sale of goods transaction and takes a wide view of sale by including general contract law the book gives practitioners invaluable insight into judicial trends and possible solutions in different legal systems whether preparing for litigation or drafting an international contract global sales and contract law is the most comprehensive and thorough compilation of legal analysis in the field of the sale of goods and is a reliable source for any practitioner dealing in international commerce

this handbook analyses and explains the institutional substantive and procedural elements of eu food law taking the general food law as a focus point principles are discussed as well as specific rules addressing food as a product the processes related to food and communication about food through labelling these rules define requirements on subjects like market approval for food additives novel foods and genetically modified foods food hygiene tracking tracing withdrawal recall

this book provides a comprehensive introduction to articles 1 and 2 of the uniform commercial code ucc it provides a useful resource for students and practitioners dealing with sales or contract issues students of contracts or sales and any practitioner dealing with sales or contracts issues will profit from this book s use
