professor zigarelli shows how to influence others for good by adopting the same methods of persuasion that jesus exemplified during his life and ministry

this monumental work presents a careful well argued alternative reading of the greek text of mark a reading that pays special attention to such literary devices as word order chiasm inclusio asyndeton and the historical present tense driving the commentary is gundry s provocative seldom defended thesis that mark s gospel constitutes a straightforward apology for the shameful manner of jesus death as such mark is essentially an evangelistic tract rather than an obliquely written handbook of christian discipleship and church life sure to become recognized as the heavyweight english commentary on the gospel of mark this massive commentary rich with exegetical detail and critical assessment of the secondary literature makes an important contribution not only to markan research but also to the study of the historical jesus christian scholars review

the gospel of john has been examined from many different perspectives but a comprehensive treatment of the theme of worship in this gospel has not yet appeared john paul heil offers a contribution toward a remedy of this deficiency by analyzing the entire gospel of john from the perspective of its various dimensions of worship the aim is to illustrate that

three different but complementary dimensions of worship confessional sacramental and ethical dominate this gospel indeed these different types of worship represent the ways one expresses and demonstrates the faith that includes having divine life eternal which is the stated purpose for writing the signs jesus did in this gospel that you may believe that jesus is the christ the son of god and that believing you may have life in his name john 20 31
