an experiential approach to organization development provides both a conceptual and experiential approach to the study of organizational development with a focus on developing interpersonal skills it gives students a comprehensive realistic innovative and practical introduction to the field which makes it the most student friendly text on the market

an experiential approach to group work is not your typical group work text using dozens of exercises that build practice tested skills the authors approach is in perfect step with cswe's competence based education requirements the book is organized into three sections the first addresses stages of group practice the second looks at major types of groups and the final section looks at examples of group work practice with special populations

the writing is both highly personable and also very specific about techniques and attitudes students may take on as they experiment with membership leadership i think my students will like it and will use it to engage even more fully with the experiential

group it most certainly fills a niche that needed filling adam l hill sonoma state university now accompanied by a dvd focusing on how to conduct and lead groups in a variety of therapeutic settings learning group leadership an experiential approach second edition covers theory process leadership techniques ethics special populations and challenges as they relate to group work the second edition introduces important conceptual and practical information and then uses exercises field study assignments and personal application questions to help students apply concepts to their work and lives the second edition now includes student voices throughout each chapter to provide descriptions of actual experiences key features takes an experiential approach helping readers understand how the concepts they learn in class can be applied to their own work in conducting groups offers a conversational practical and realistic writing style includes relevant examples drawn from the authors more than 25 years of teaching and leading experience is accompanied by a new dvd bound in the back of the book which contains scripted sessions corresponding with every chapter the password protected instructor s site is available with test questions at sagepub com kottler2einstr main htm learning group leadership an experiential approach second edition is ideal for use in introductory courses in group therapy or group work in the disciplines of counseling human services psychology and social work

reflecting the state of the art in the practice of experiential learning organizational behavior an experiential approach shows readers the general psychological principles and how to apply those principles to social and organizational situations it also teaches readers how to become continuous learners capable of responding to demands for change and new skills throughout their career

the prevailing view among therapists as well as clients is that a more vital life can be attained by overcoming negative thoughts and feelings yet despite efforts to achieve this goal many individuals continue to suffer with behavior disorders adjustment difficulties and low life satisfaction acceptance and commitment therapy act is a unique psychotherapeutic approach that addresses this issue by altering the very ground on which rational change strategies rest within a coherent theoretical and philosophical framework act illuminates the ways clients understand and perpetuate their difficulties through language the book shows how interventions based on metaphor paradox and experiential exercises can enable clients to break free of language traps and make contact with thoughts feelings memories and physical sensations that have been feared and avoided detailed guidelines are presented for helping clients recontextualize and accept these private events develop greater clarity about personal values and commit to needed behavior change providing in one volume a scientifically sound theory of psychopathology and a practical treatment model and illustrated by a wealth of clinical examples this is an important resource for practitioners and students in the full range of behavioral health care fields

leerboek voor studenten en managers

they shift the emphasis from the more common prescriptive techniques that are essentially insensitive to different contexts attitudes and beliefs and instead elaborate a theory of learning that is more social and interactive

what a pleasure to read dean nelson s personal account in his book the experiential approach he incorporates many sound psychological theories and approaches which are presented in a deeply emotional and authentic way nelson provides real life useful guidance and direction for individuals of all ages to assess and redirect their desires

and goals this moving account of the author's personal struggles and successes throughout his lifelong journey magnifies the intensity of emotion put into this book the experiential approach is designed to provide a simple method for utilizing successful patterns that can work for those who are truly ready to make the effort and commitment dr anthony j barone clinical psychologist edd the experiential approach is a book for the millions of us who are searching for ways to handle the ever changing streams of stress that complicate our lives it effectively answers questions like do you find yourself in the grasp of procrastination do your fears keep you from doing what you want in life do you have difficulty maintaining focus do your goals always seem to be out of reach do you live with self doubt do you feel frustrated over situations you want to change but cannot do you feel stuck in your job relationship or life situation the book addresses these issues and more by providing real life examples that people can relate to along with simple step by step measures that allow the reader to transition into a feeling of fulfillment interesting and compelling exercises within the book promote avenues for discovering hidden deterrents to moving forward in life they will assist you in changing behavioral patterns leading to sense of accomplishment and satisfaction this book was written from the author's ongoing desire to assist those in need of experiencing the joy of living a fulfilled life it accomplishes this by helping people obtain goals eliminate doubt realize their potential and also aids them in discovering ways to implement the changes needed to create the life of one's dreams dreadful childhood experiences led the author on a lifelong search for meaning this journey intensified his hunt for a sense of fulfillment and joy in living everyday life his haunting past contributed to feelings of doubt shame failure and hopelessness during more than twenty five years of research and attending seminars in the self development arena he discovered ways of banishing the doubt and shame accepting success and accomplishments and turning his life into a self fulfilling path of meaningful relationships creative destiny and the joyous expression of bliss the material in this book gives the reader somewhat of a shortcut to fulfillment all the years the author spent completing the research and learning the processes and techniques will benefit the reader immensely by providing an easy to follow results oriented plan for life improvement
