after the civil war sweeps away the genteel life to which she has been accustomed scarlett o hara sets about to salvage her georgia plantation home

in the early days of television many of its actors writers producers and directors came from radio this crossover endowed the american radio archives with a treasure trove of television documents the collected scripts span more than 40 years of american television history from live broadcasts of the 1940s to the late 1980s they also cover the entire spectrum of television entertainment programming including comedies soap operas dramas westerns and crime series the archives cover nearly 1 200 programs represented by more than 6 000 individual scripts includes an index of personal names program and episode titles and production companies as well as a glossary of industry terms

this work is a thorough and unique documentation of the conceptual universe expressed through the typologically highly interesting zaiwa language of the jingpo minority in china

this excellent lively study examines the raucous debate sparked by the code over the morals and ideals of american movies publishers weekly the new edition of this seminal work takes the story of the production code and motion picture censorship into the present including the creation of the pg 13 and nc 17 ratings in the 1990s starting in the early 1930s the production code director joe breen and his successor geoff shurlock understood that american motion pictures needed enough rope enough sex and violence

and tang to lasso an audience and not enough to strangle the industry to explore the history and implementation of the motion picture production code this book uses 11 movies dead end gone with the wind the outlaw the postman always rings twice the bicycle thief detective story a streetcar named desire the moon is blue the french line lolita and who s afraid of virginia woolf the authors combine a lively style with provocative insights and a wealth of anecdotes to show how the code helped shape american screen content for nearly 50 years a readable intimate account of the rise to near tyrannical power and the fall to well deserved ignominy of the old production code administration atlantic monthly a valuable insight into our own innocence and naiveté the new york times book review the triumph of leff and simmons s fine work is that they have reminded us of how fatuous and inimical a code of conduct can be how tempting it is as a theoretical answer and how intrinsically flawed it is as a working solution the times of london

matlab a practical introduction to programming and problem solving winner of taa s 2017 textbook excellence award texty guides the reader through both programming and built in functions to easily exploit matlab s extensive capabilities for tackling engineering and scientific problems assuming no knowledge of programming this book starts with programming concepts such as variables assignments and selection statements moves on to loops and then solves problems using both the programming concept and the power of matlab the fifth edition has been updated to reflect the functionality of the current version of matlab r2018a including the addition of local functions in scripts the new string type coverage of recently introduced functions to import data from web sites and updates to the live editor and app designer presents programming concepts and matlab built in functions side by side giving students the ability to program efficiently and exploit the power of matlab to solve technical problems offers sections on common pitfalls and programming guidelines that direct students to best practice procedures tests conceptual understanding of the material with quick questions and practice sections within each chapter new to the fifth edition use of matlab version r2018a a revised text manipulation chapter which includes manipulating character vectors as well as the new string type introduction to alternate matlab platforms including matlab mobile local functions within scripts the new output format for most expression types introduction to the restful web functions which import data from web sites increased coverage of app designer introduction to recording audio from a built in device such as a microphone modified and new end of chapter exercises more coverage of data structures including categorical arrays and tables increased coverage of built in functions in matlab

every script can become an entire class production by using the group readings or the scripts can be used successfully with small groups reading levels are provided for every story character and the group readings allowing the teacher to assign roles according to individual reading abilities includes prop and costume suggestions activities resource guide and sound effects audio cd supports ncte standards

dealing with different types of losses using hypnotherapy scripts is a unique practical resource for hypnotherapists which considers many aspects of loss rather than focusing solely on dying death and bereavement it presents new ways of looking at loss and from many different perspectives hypnotherapists will be encouraged to reflect on their own attitudes values and ways of working on a one on one basis and in groups loss is inherently important because it can be identified when therapy is already underway and sometimes when it was not the original problem presented to the hypnotherapist the author is a registered hypnotherapist who has put together a comprehensive range of tried and tested scripts and visualisations for both adults and children age 5 the scripts offer a variety of methods to choose from such as solution focused metaphors ericksonian gestalt therapy benefits approach and regression the appendices include an assortment of practical resources and materials such as exercises handouts questions forms for the

hypnotherapist to use for notetaking during sessions and for developing plans after a hypnotherapy session has taken place the book will be of use to students newly qualified and experienced hypnotherapists and trainers working in hypnotherapy training schools

an adaptation of the screenplay for the movie gone with the wind which results in a fuller dramatization than what was actually filmed
