the breathtaking story of a feisty young girl fifteen year old rasha is abandoned by her mother in a village with her aged and probably mad grandmother uprooted from her school and her friends back in cosmopolitan dhaka a disgruntled rasha has to start life afresh in a faraway place with no electricity incessant rains nosy neighbours and a primitive school refusing to resign to the circumstances rasha rises against them and turns indomitable exposing a bullying teacher nipping a child marriage in the bud learning to take a boat to school and teaching her classmates how to use computers these are only a few of this young girl's incredible exploits but just as rasha settles into her new life new friends in tow she is confronted by a nightmarish past that once ravaged her family will rasha survive this daunting and astounding adventure

the muslim world is not commonly associated with science fiction religion and repression have often been blamed for a perceived lack of creativity imagination and future oriented thought however even the most authoritarian muslim majority countries have produced

highly imaginative accounts on one of the frontiers of knowledge astrobiology or the study of life in the universe this book argues that the islamic tradition has been generally supportive of conceptions of extra terrestrial life and in this engaging account jörg matthias determann provides a survey of arabic bengali malay persian turkish and urdu texts and films to show how scientists and artists in and from muslim majority countries have been at the forefront of the exciting search determann takes us to little known dimensions of muslim culture and religion such as wildly popular adaptations of star wars and mysterious movements centred on ufos repression is shown to have helped science fiction more than hurt it with censorship encouraging authors to disguise criticism of contemporary politics by setting plots in future times and on distant planets the book will be insightful for anyone looking to explore the science culture and politics of the muslim world and asks what the discovery of extra terrestrial life would mean for one of the greatest faiths

profiles of 102 eminent muslims of india from various fields

medical professionalism is a multifaceted concept encompassing diverse perspectives shaped by cultural influences in western societies professionalism often emphasizes traits like objectivity clinical competence and adherence to ethical codes this viewpoint emphasizes the importance of a standardized approach to patient care and the primacy of evidence based medicine however cultural influences can significantly alter these perceptions in many eastern cultures for instance medical professionalism may also prioritize qualities such as empathy humility and interpersonal relationships here the doctor patient bond holds immense significance often influencing treatment decisions and patient outcomes additionally cultural backgrounds can shape perceptions of authority with some cultures valuing a more paternalistic doctor patient dynamic while others emphasize shared decision making and patient autonomy thus

understanding and respecting varied cultural perspectives is integral to fostering true professionalism in medicine ensuring effective communication and equitable care delivery across diverse patient populations
