a personal discourse on the multiple disadvantages of people who are black women and from the margins of society

what are the implications of adopting a primacy of praxis position in feminist theology how can we respect the diversity of women s experience while retaining it as a useful analytic category do these twin resources of women s experience and praxis together imply that feminist theology is ultimately relativist through an analysis of the work of some of today s key feminist theologians christian womanist and post christian the author considers these and other central methodological questions this work examines the origins and development of the categories of women s experience and praxis and argues that the adoption of these resources ought to result in a hermeneutic of difference and a reluctance to claim a normative theory for feminist theology
