in this volume dr haas brings together studies on the powerful trend toward linguistic standardization viewing it as an essential feature of the life of a language and of the work of grammarians j vachek examines the distinctive function of written norms and d j allerton considers how the same norm may serve different dialects the book also includes four studiesóby r e keller m w s de silva t s mitchell and m alexiouówhich review present conditions in switzerland ceylon the arabic speaking middle east and greece and deal with the problems linguistic and social that arise from an imposition of written and spoken standards on divergent vernaculars

seminar papers with special reference to india

the study examines the effects of formal instruction on the acquisition of standard spanish looks at the expression of conditionality and suggests pedagogical implications based on the findings

list of members in each number

taming the vernacular from dialect to written standard language examines the differences between standard and nonstandard varieties of several different languages not only are some of the best known languages of europe represented here but also some that have been less well researched in the past the chapters address the syntax of dutch english french finnish galician german and spanish for these languages and many others it is the standard varieties on which the most extensive syntactic research has been carried out with the result that very little is known about the syntax of their dialects or the spoken colloquial varieties the editors of this volume seek to redress the balance by taking a cross linguistic perspective on the historical development of the standardised varieties this allows them to identify some common characteristics of spoken language it also helps the reader to understand the kinds of filtering processes that are involved in standardization which result in the syntax of spoken colloquial language being different from the syntax of the standard varieties taming the vernacular from dialect to written standard language is suitable for undergraduate and postgraduate students of linguistics particularly those taking courses in sociolinguistics dialectology and historical linguistics the focus on a variety of languages also makes this text suitable for students studying courses which cover the linguistic aspects of european languages

no detailed description available for status and function of languages and language varieties
