appleyard field and cobb s international economics 7e text is an international economics textbook that offers a consistent level of analysis and treatment of the two main subdivisions of international economics international trade theory and policy and international monetary theory and policy as the authors write this edition the world has become painfully aware that increased globalization links countries together strongly in

times both of recession and prosperity the growing awareness of the importance of international issues is also evidenced in increased student interest in such issues particularly those related to employment international working conditions and equity comprehensive and clear international economics helps students move beyond recognition toward an understanding of current and future international events as with each prior edition the authors provide a clear and comprehensive text that will help students move beyond simple recognition of international issues toward a level of understanding of current and future international developments that will be of use to them in analyzing the problem at hand and selecting a policy position new improvements covering the emerging issues in the global economy are designed to help readers both understand and appreciate the growing importance of the global economy in their lives

the book provides both a legal and economic assessment of an increasingly important issue for the eu the question of whether individuals can hold the european union liable for damages they suffer due to its infringement of international economic law however liability regimes vary depending on the issue concerned in international trade law the individual holds a weak position being deprived of both legal remedies to seek annulment and damages this is due to the constant refusal of the direct effect of wto law by contrast international investment law has been designed in an individualistic manner from the outset states agree reciprocally to grant certain procedural and substantial individual rights which they invoke to claim damages before international tribunals rather than domestic courts the divergent role of the individual in the respective area of international economic law leads to a different set of research questions related to liability in international trade law the doctrinal exercise of de coupling the notion of direct effect from liability is at the core of establishing liability in international investment law liability is connected to a number of issues emerging from the recent transfer of competence pertaining to investment issues from member states to the eu and the nature of investment agreements as mixed agreements against this backdrop exploring liability issues in the area of international economic law reveals a heterogeneous set of questions depending on the area of law concerned thus offering different perspectives for studying liability issues this title is included in bloomsbury professional s international arbitration online service
