this enlightening guide teaches teachers to use metacognition to change the ways they think and learn so they will become more reflective autonomous proactive and positive many authentic teacher examples are sprinkled throughout the book and the authors discuss the benefits of this process and the ways it will benefit the students the sequence of chapters from teachers personal use of metacognition to professional use of metacognition to classroom strategies show the connection between personal professional and classroom use unedited classroom examples provided by practicing teachers show the reliability and validity of these field tested strategies k 12 classroom teachers a longwood professional book

this book critiques the assumption that western creativity is cutting edge and explores how it may have contributed to crises in education society and ecology in its exploration of classroom dynamics gender implications and nonviolence curriculum it advocates for daoist creativity which emphasizes relationality and interdependence

this volume draws together scholars rethinking social scientific and theoretical approaches to a wide range of forms of social difference and inequality these include race nationalism sexuality professional classes domestic employment digital communication and uneven economic development

class self culture puts class back on the map in a novel way by taking a new look at how class is made and given value through culture it shows how different classes become attributed with value enabling culture to be deployed as a resource and as a form of property which has both use value to the person and exchange value in systems of symbolic and economic exchange the book shows

how class has not disappeared but is known and spoken in a myriad of different ways always working through other categorisations of nation race gender and sexuality and across different sites through popular culture political rhetoric and academic theory in particular attention is given to how new forms of personhood are being generated through mechanisms of giving value to culture and how what we come to know and assume to be a self is always a classed formation analysing four processes of inscription institutionalisation perspective taking and exchange relationships it challenges recent debates on reflexivity risk rational action theory individualisation and mobility by showing how these are all reliant on fixing some people in place so that others can move

social class is a pervasive facet of all lives regardless of one's own social class and status one would think its ubiquity would make it necessary for all helping professionals to understand social class and discuss it in therapy and research yet social class and classism are one of the most confusing and difficult concepts to understand and integrate into research and counseling practice mostly due to the relative lack of psychological theories research and quantitative data fulfilling this need this handbook summarizes and synthesizes available research on social class and classism in counseling practice and research areas the 32 chapters included offer up to date fascinating and provocative applications of social class and classism as seasoned chapter authors provide an overview of theories related to social class and classism and its application toward research education training and practice chapters include comprehensive coverage of lifespan issues related to social class such as unique aspects of social class and classism in the lives of children adolescents and older adults how social class is studied and empirically understood through research assessment and practice implications of social class in career counseling psychological assessment and diagnosis and the therapy relationship how social class is implicated in positive psychology career and work psychology and health psychology social class and classism and its connection to whiteness racism sexual orientation religion and spirituality and social justice this book offers the first compendium of counseling related resources on social class and classism and will be a comprehensive must have reference for professionals

and academics in counseling psychology and related fields for years to come
